BANK OF BEIRUT

TASK have been privileged to be part of this prestigious project for Bank of Beirut, featuring an elegant and sophisticated interior design.

The waiting space is adorned with stunning pieces from Marelli, Paris armchairs and Twig coffee table, all in neutral tones that exude a touch of luxury. These pieces, crafted from velour and soft fabrics, offer a refined and welcoming atmosphere. The waiting room also includes leather-upholstered Paris chairs, adding to the overall sense of sophistication. In the executive office, we continued the Paris collection theme with Paris chairs and a Pros sofa, creating a cohesive and luxurious look. The executive desk is an innovative sit-stand model, providing both functionality and comfortably ICF. The open working space features Team 2 workstations in a stylish bronze finish, complemented by mustard screens and sleek metal pedestals. This combination not only enhances the aesthetic appeal but also promotes a productive and efficient working environment.

This project for the Bank of Beirut exemplifies a perfect blend of elegance, luxury, and modern functionality.
