

CURO

TASK Project Reference
Completed May 2025

CURO

Situated in the heart of the City, this exceptional project is a showcase of innovative, engaging workplace design, delivered in close collaboration with Curo Workspace's Creative Director, Kailee Lane.

TASK played a pivotal role in bringing the vision to life, designing and delivering a curated selection of bespoke, high-end furniture solutions. Standout features include a warm and refined executive office featuring our Adapt Duo workwall and Team desk in walnut, as well as a showstopping boardroom with the WORK table and Olivia chairs upholstered in Kvadrat Remix.

Open-plan areas were thoughtfully designed to foster collaboration and flexibility, with TeamEv benching, elegant MFC storage topped with planters, and dark teal-green walls creating a calm, inviting atmosphere. Breakout spaces feature Work high tables paired with Tom stools, offering both function and visual impact.

Throughout the space, sustainable materials, tailored seating and a harmonious palette of walnut, teal and soft peach strike the perfect balance between style and comfort.

This project reflects the best of what TASK does, solving practical challenges through beautifully made, thoughtfully tailored product design.
