

LIFT3 DISC SIT-STAND

SPECIFICATION

LIFT3 DISC

SIT-STAND WORKSTATION

The top panel kits are tailored to each type of unit with and include the relevant quantity of 25mm thick top panel segments. Each top has 2mm impact resistant edging all around.

Central Vertical Cable Tower. Each unit has a specifically designed cable tower section with a full height removable access panel and a removable lid to make cable routing and management simpler.

The Up /Down two-button controller.

Type A Tower 30mm above floor level. This solution will suit power/data supply via a floor grommet located directly beneath the cable tower.

Option to attach Single Fabric Screen 700mmH x 800mmD

J-shape cable tray with open front for simple access. Enclosed ends to minimise visual impact when raised. One cable tray per one user.
