UNA MANAGEMENT

UNA MANAGEMENT

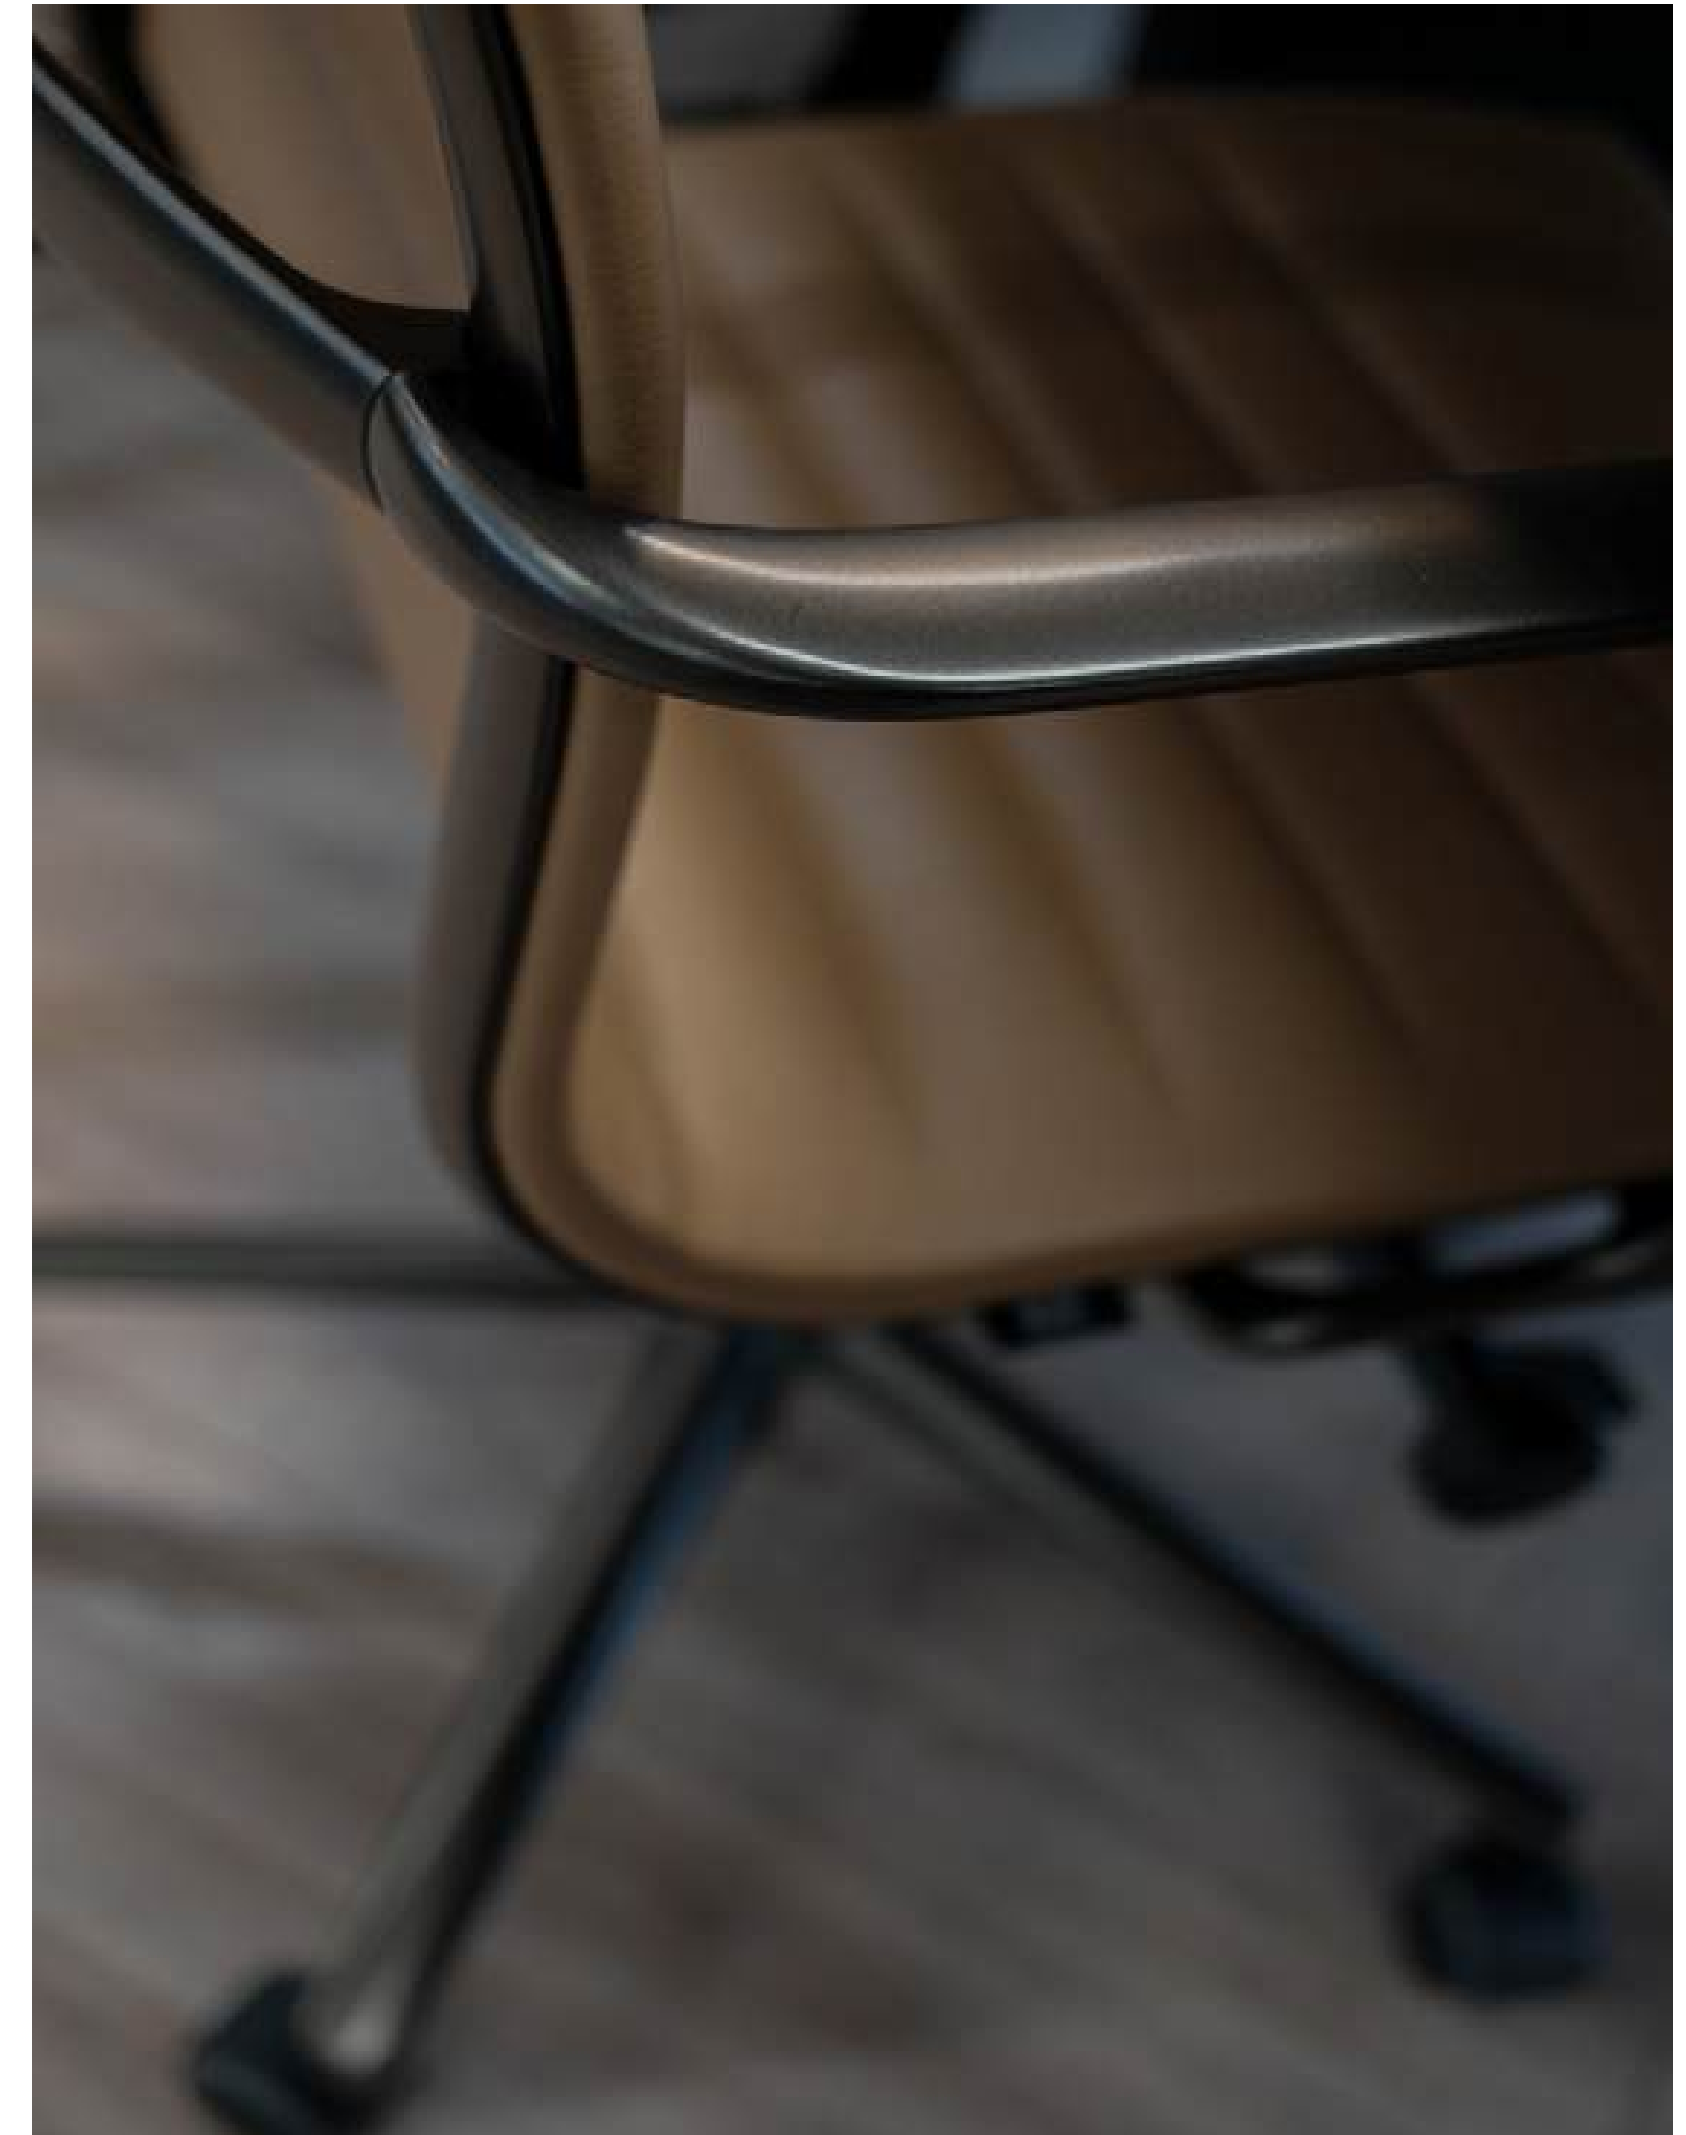

Una Management is a complete seating collection created to stand the test of time, designed for the contemporary office and meeting room. It combines formal elegance with everyday practicality, responding seamlessly to the evolving demands of modern business environments.

Defined by fluid lines and refined proportions, Una Chair brings together durable, high-quality materials with a design that conveys comfort at first glance. Its versatile character allows it to integrate effortlessly into a wide range of professional settings, from management and executive offices to meeting rooms and visitor areas.

Una Chair offers a distinctive contemporary interpretation of executive seating, drawing on the visual language of classic design while introducing a fresh profile and a clear, recognisable identity. Its structure is defined by a continuous, harmonious loop formed by the seat support, armrests, and backrest tensioner. Each element is carefully conceived both individually and as part of the whole, creating a strong architectural gesture and a distinctive signature.

UNA EXECUTIVE

UNA EXECUTIVE

Una Executive is where functionality meets design—
an elegant and modern seating solution, defined
by simplicity, precision and enduring comfort.

Una Executive is a distinctive expression of contemporary executive seating, designed for senior management offices, directional meeting rooms, and distinguished visitor spaces. Building on the recognisable language of the Una collection, it combines classic design references with a fresh, modern profile.

An elegant aluminium structure supports generous upholstered cushions, creating a harmonious balance between architectural clarity and enveloping comfort. Every detail is carefully considered to deliver a chair that is both highly functional and emotionally expressive, with a strong yet understated presence.

Una Executive brings together advanced manufacturing technology and traditional craftsmanship. Whether upholstered in leather or fabric, each chair is hand-finished by skilled craftsmen and subjected to rigorous quality control, ensuring exceptional attention to detail and lasting performance.

With its high-profile padded design, Una Executive expands the Una collection with new possibilities for executive and meeting environments. Its refined proportions, contemporary character, and wide range of customisation options allow it to adapt seamlessly to different spaces, styles, and working requirements.

Una Executive is where functionality meets design—an elegant and modern seating solution, defined by simplicity, precision, and enduring comfort.

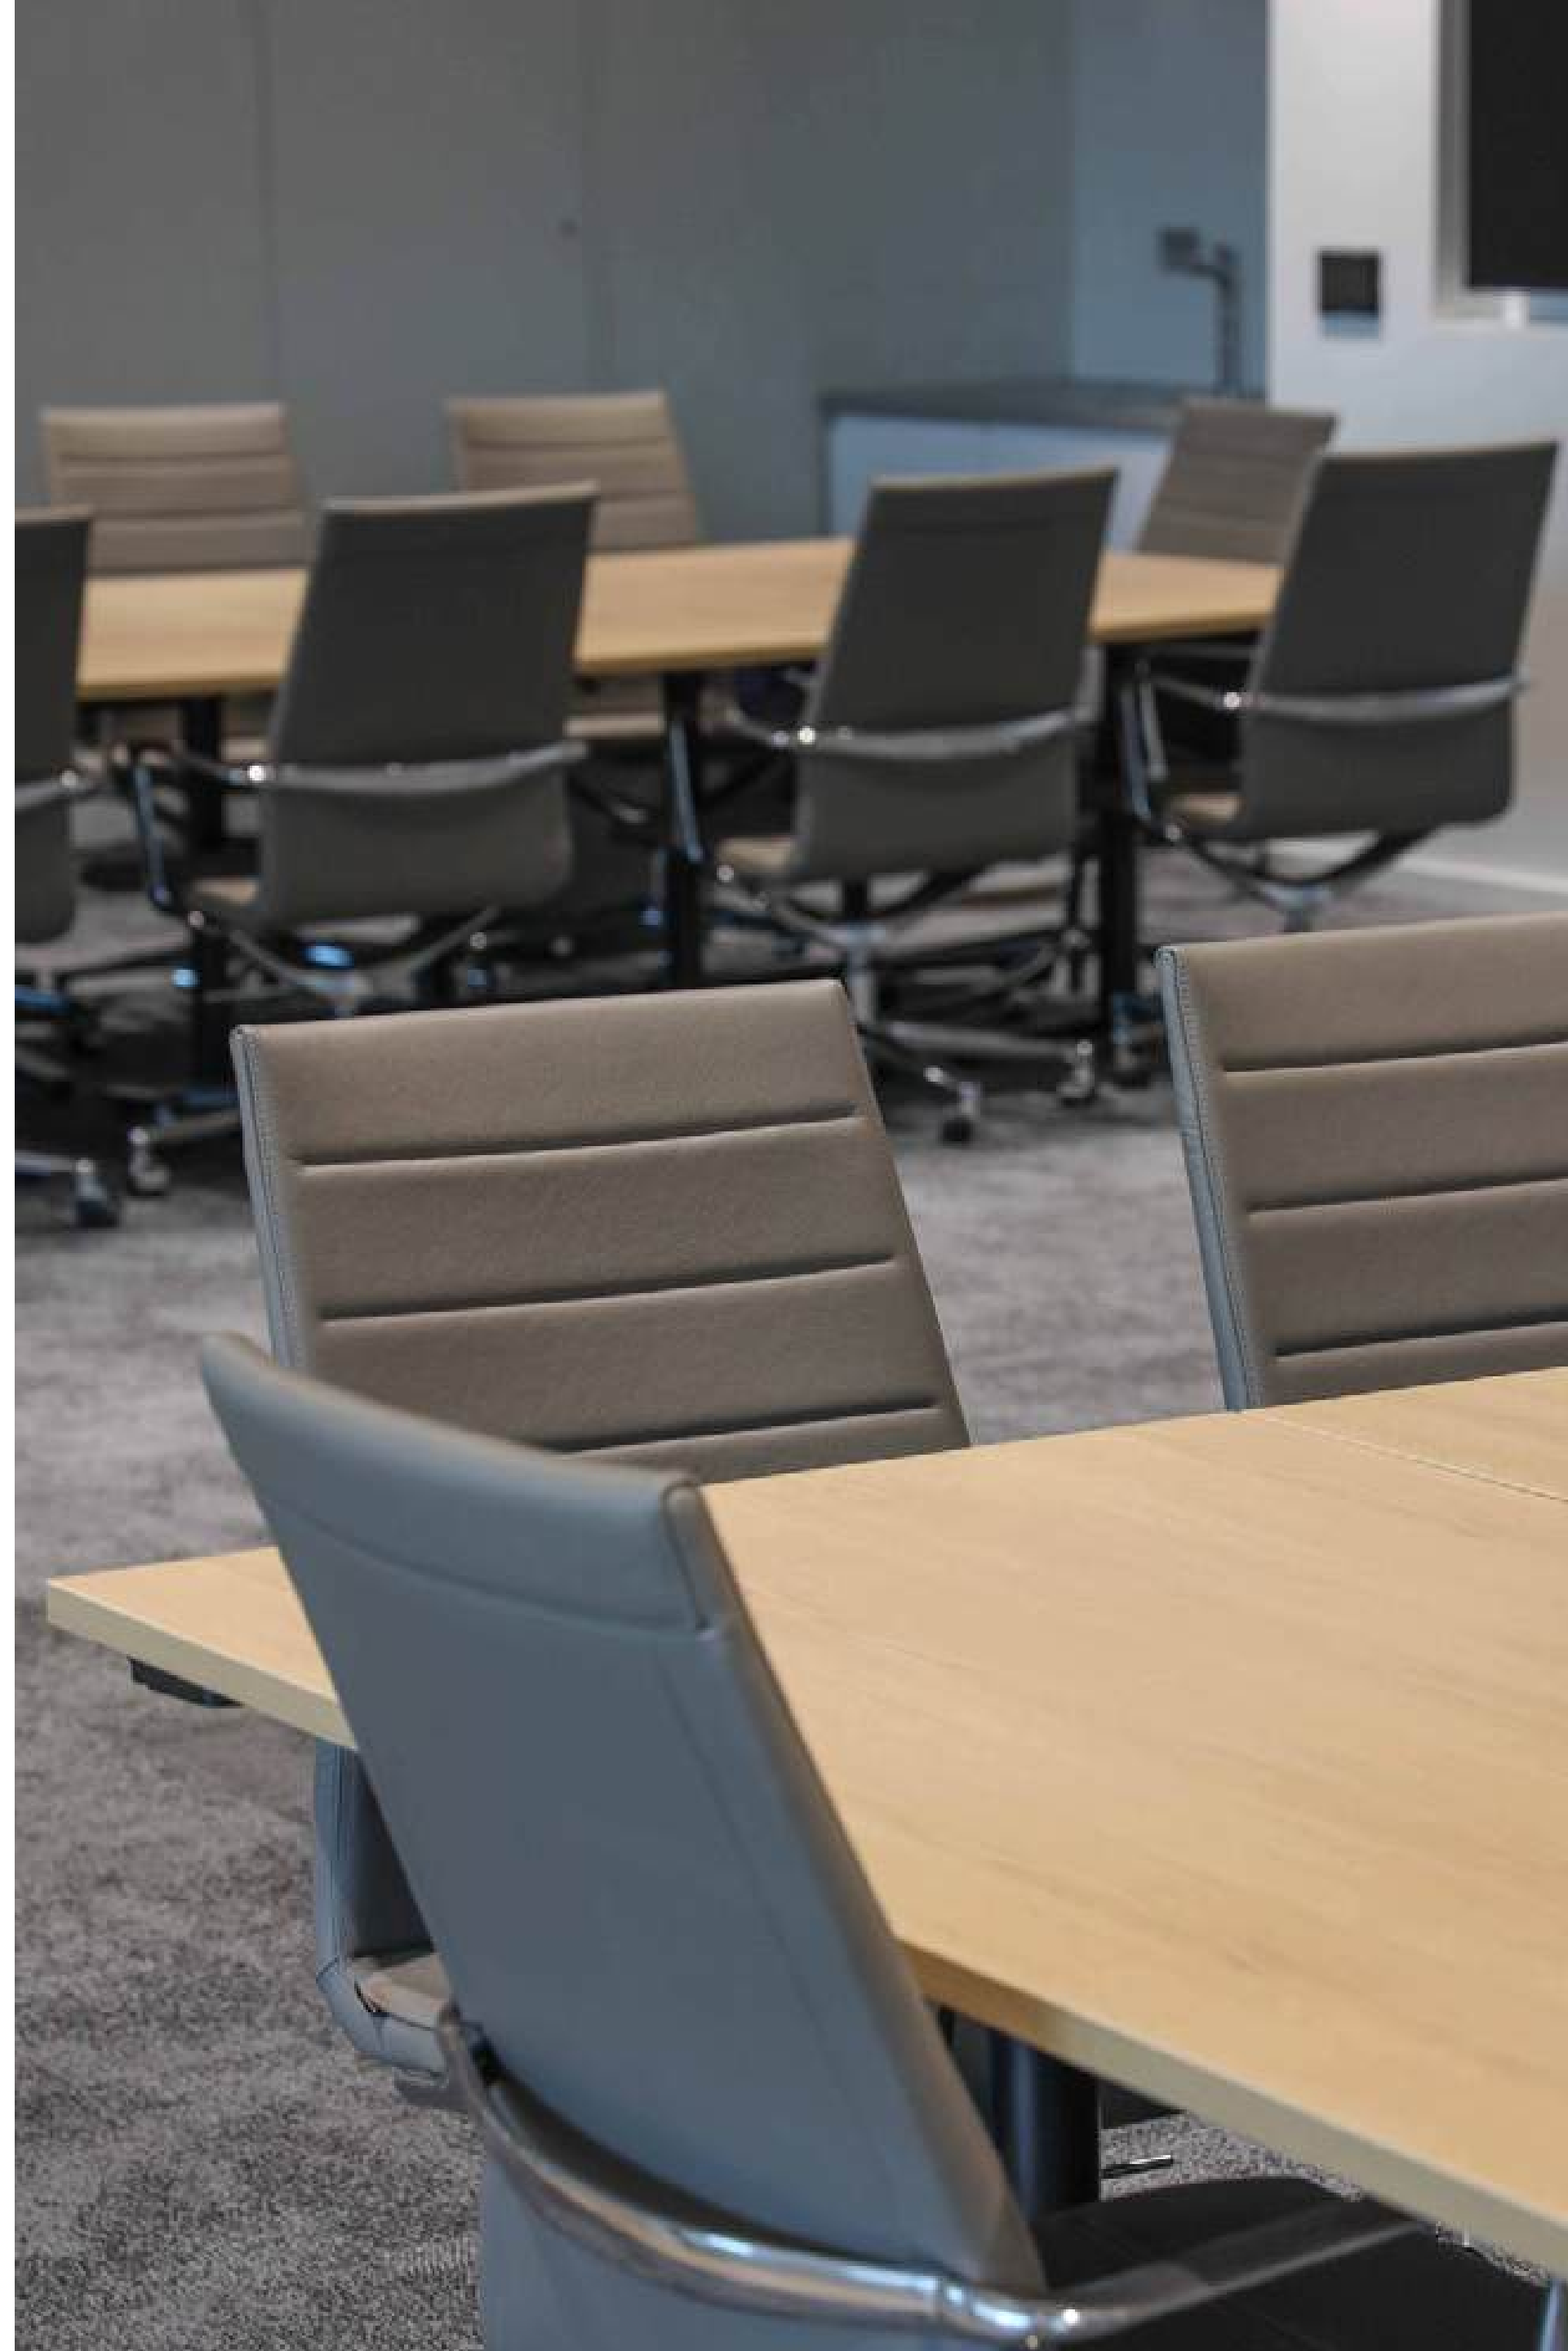

VALEA ESSE

VALEA
ESSE

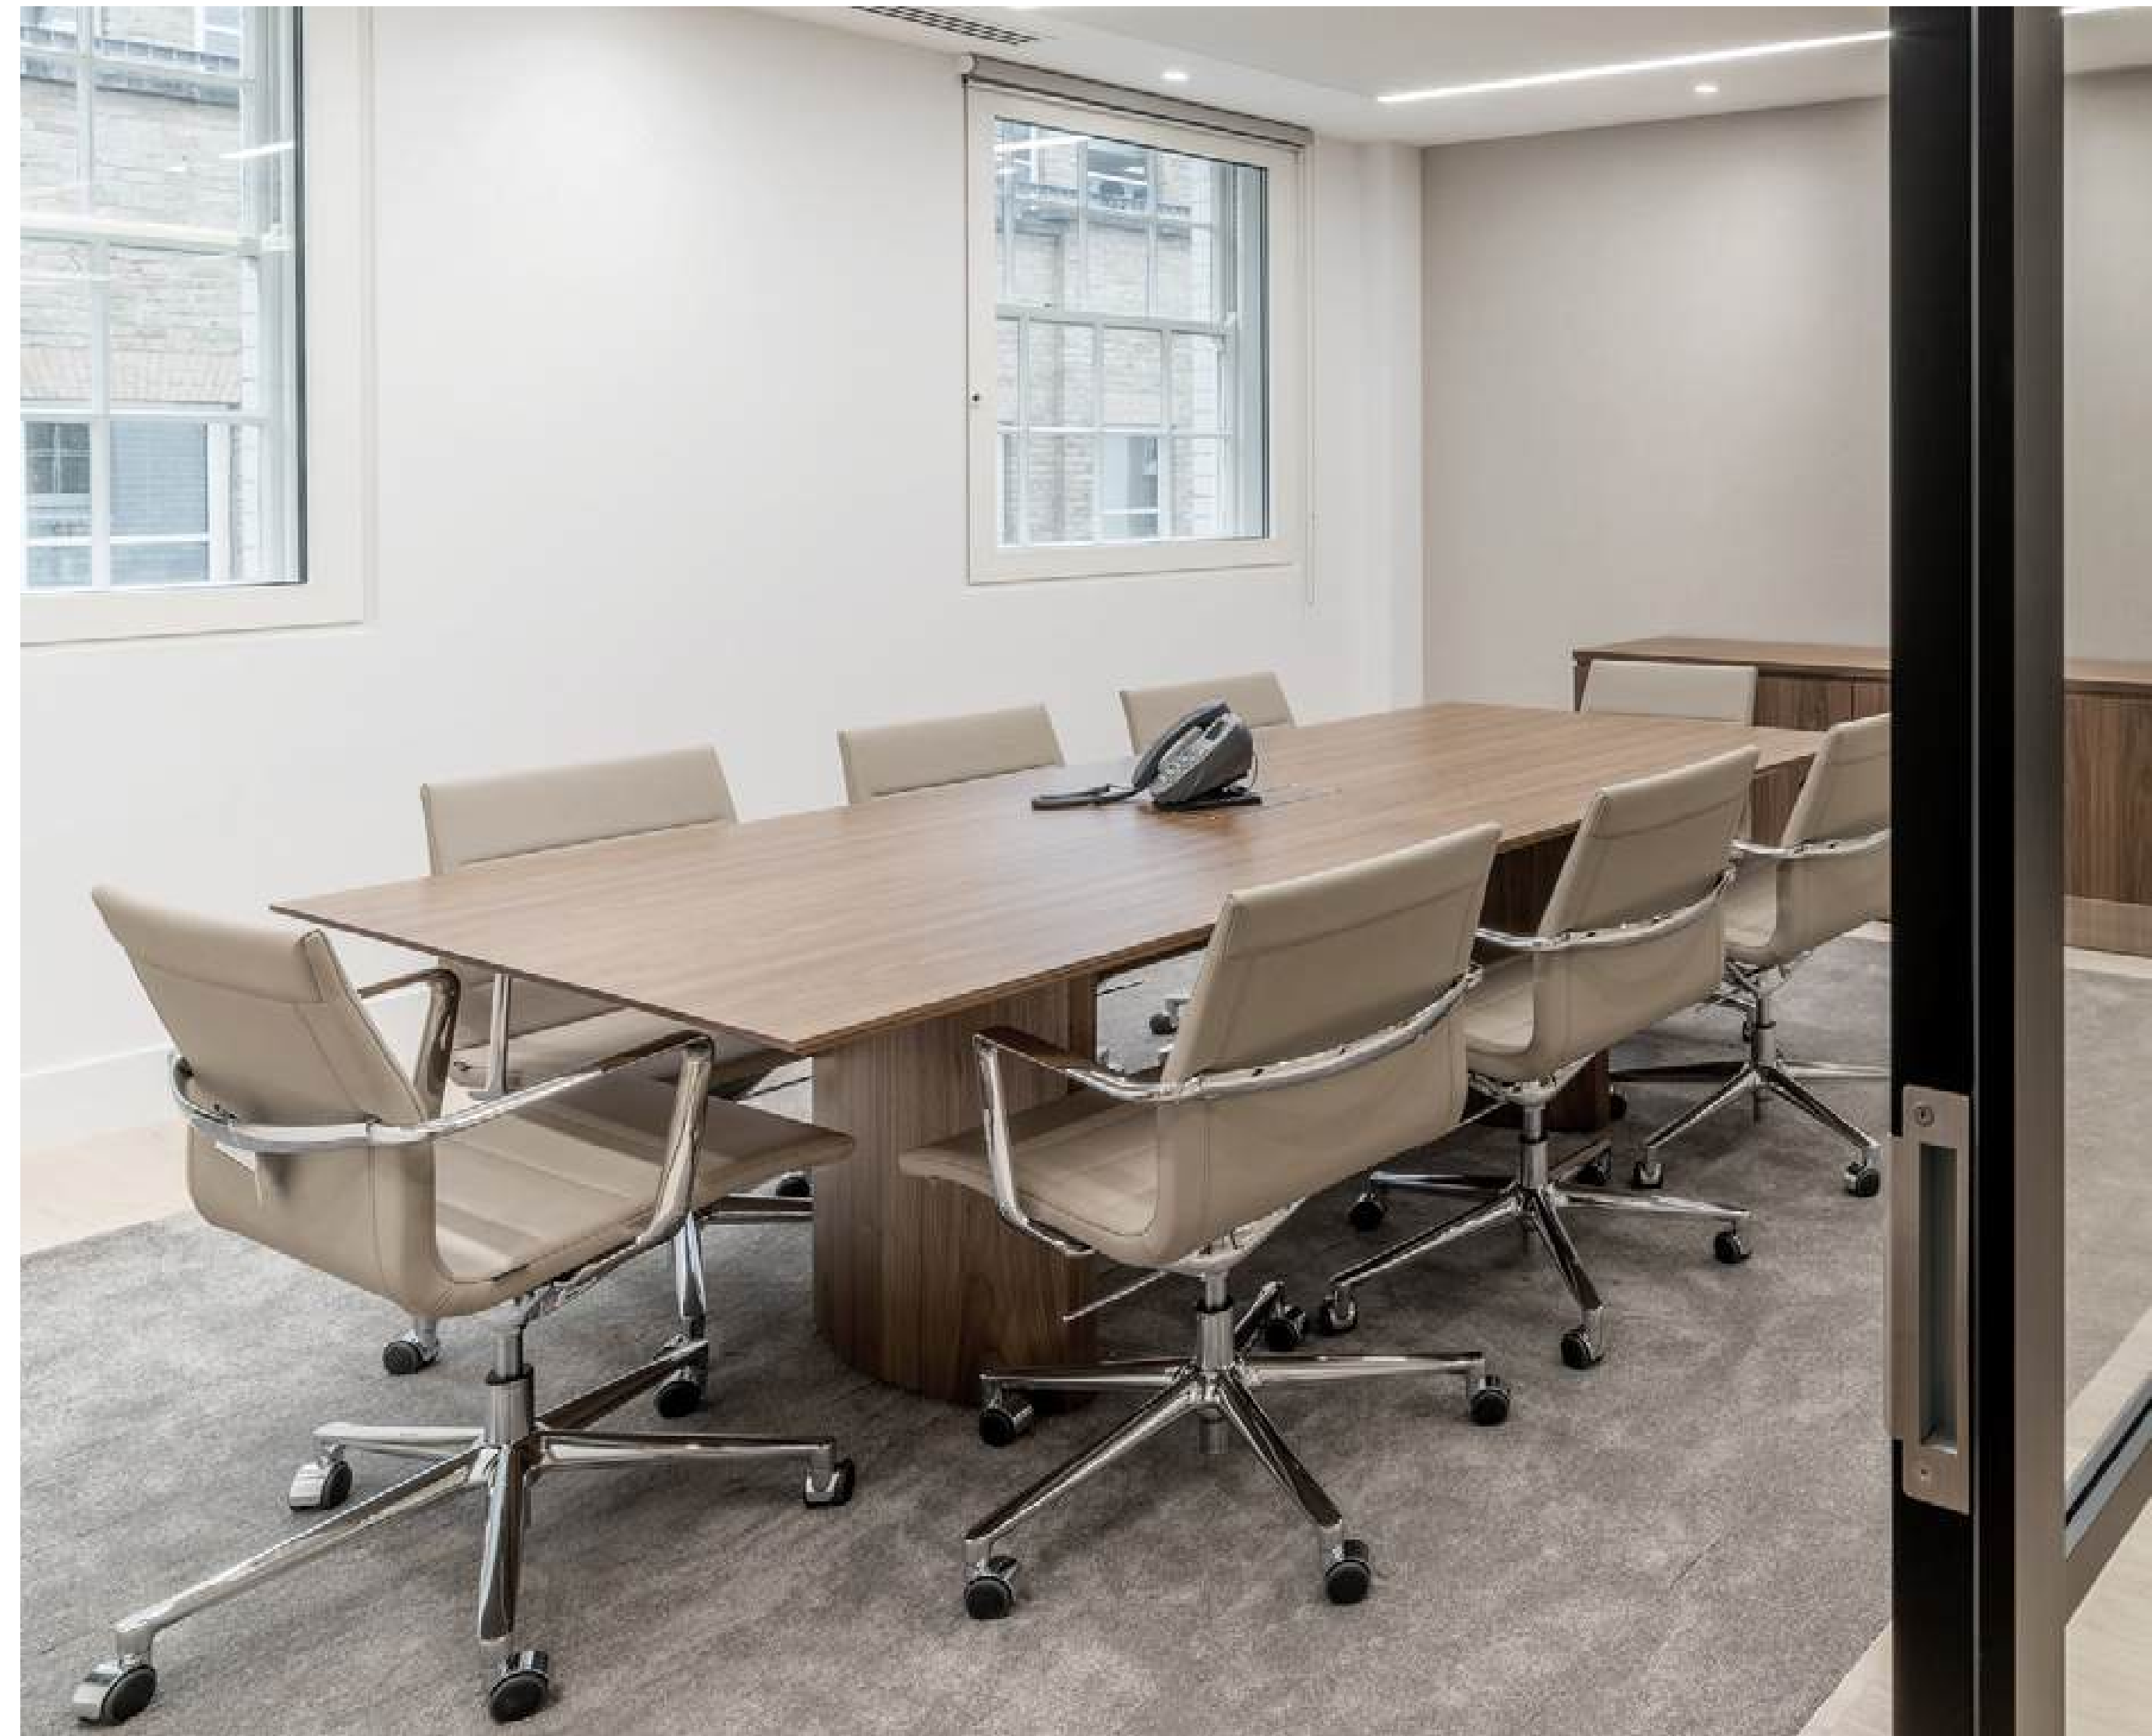

Valea Esse is part of a collection where aesthetics, ergonomics, and comfort come together in perfect harmony. Contemporary in character and refined in every detail, it brings a distinctive sense of modernity to today's executive and professional environments.

Valea Esse balances solidity and authority with exceptional comfort and visual appeal. Designed primarily for executive offices and meeting spaces, its essential yet striking silhouette creates a strong presence in any setting. Every element is carefully considered to emphasise its elegant lines, achieving a seamless dialogue between form, function, and ergonomics.

The chair's generous proportions, refined upholstery, and meticulous detailing give Valea Esse a sophisticated and welcoming character. Premium leathers, selected for their softness, durability, and tactile quality, are available in a broad range of colours, offering extensive possibilities for personalisation. Carefully crafted stitching and refined finishes further enhance its distinctive personality.

A defining feature of Valea Esse is the way its design integrates visual elegance with ergonomic performance. Its sculptural shape is not simply an aesthetic statement; it has been carefully developed to support the body and provide lasting comfort. The result is a chair in which sophisticated aesthetics and functional ergonomics are naturally expressed as one.

Available in three backrest heights, Valea Esse adapts effortlessly to different applications, from formal meeting rooms to executive offices. Its versatile configurations allow the collection to respond to a variety of professional environments while maintaining a consistent and recognisable design language.

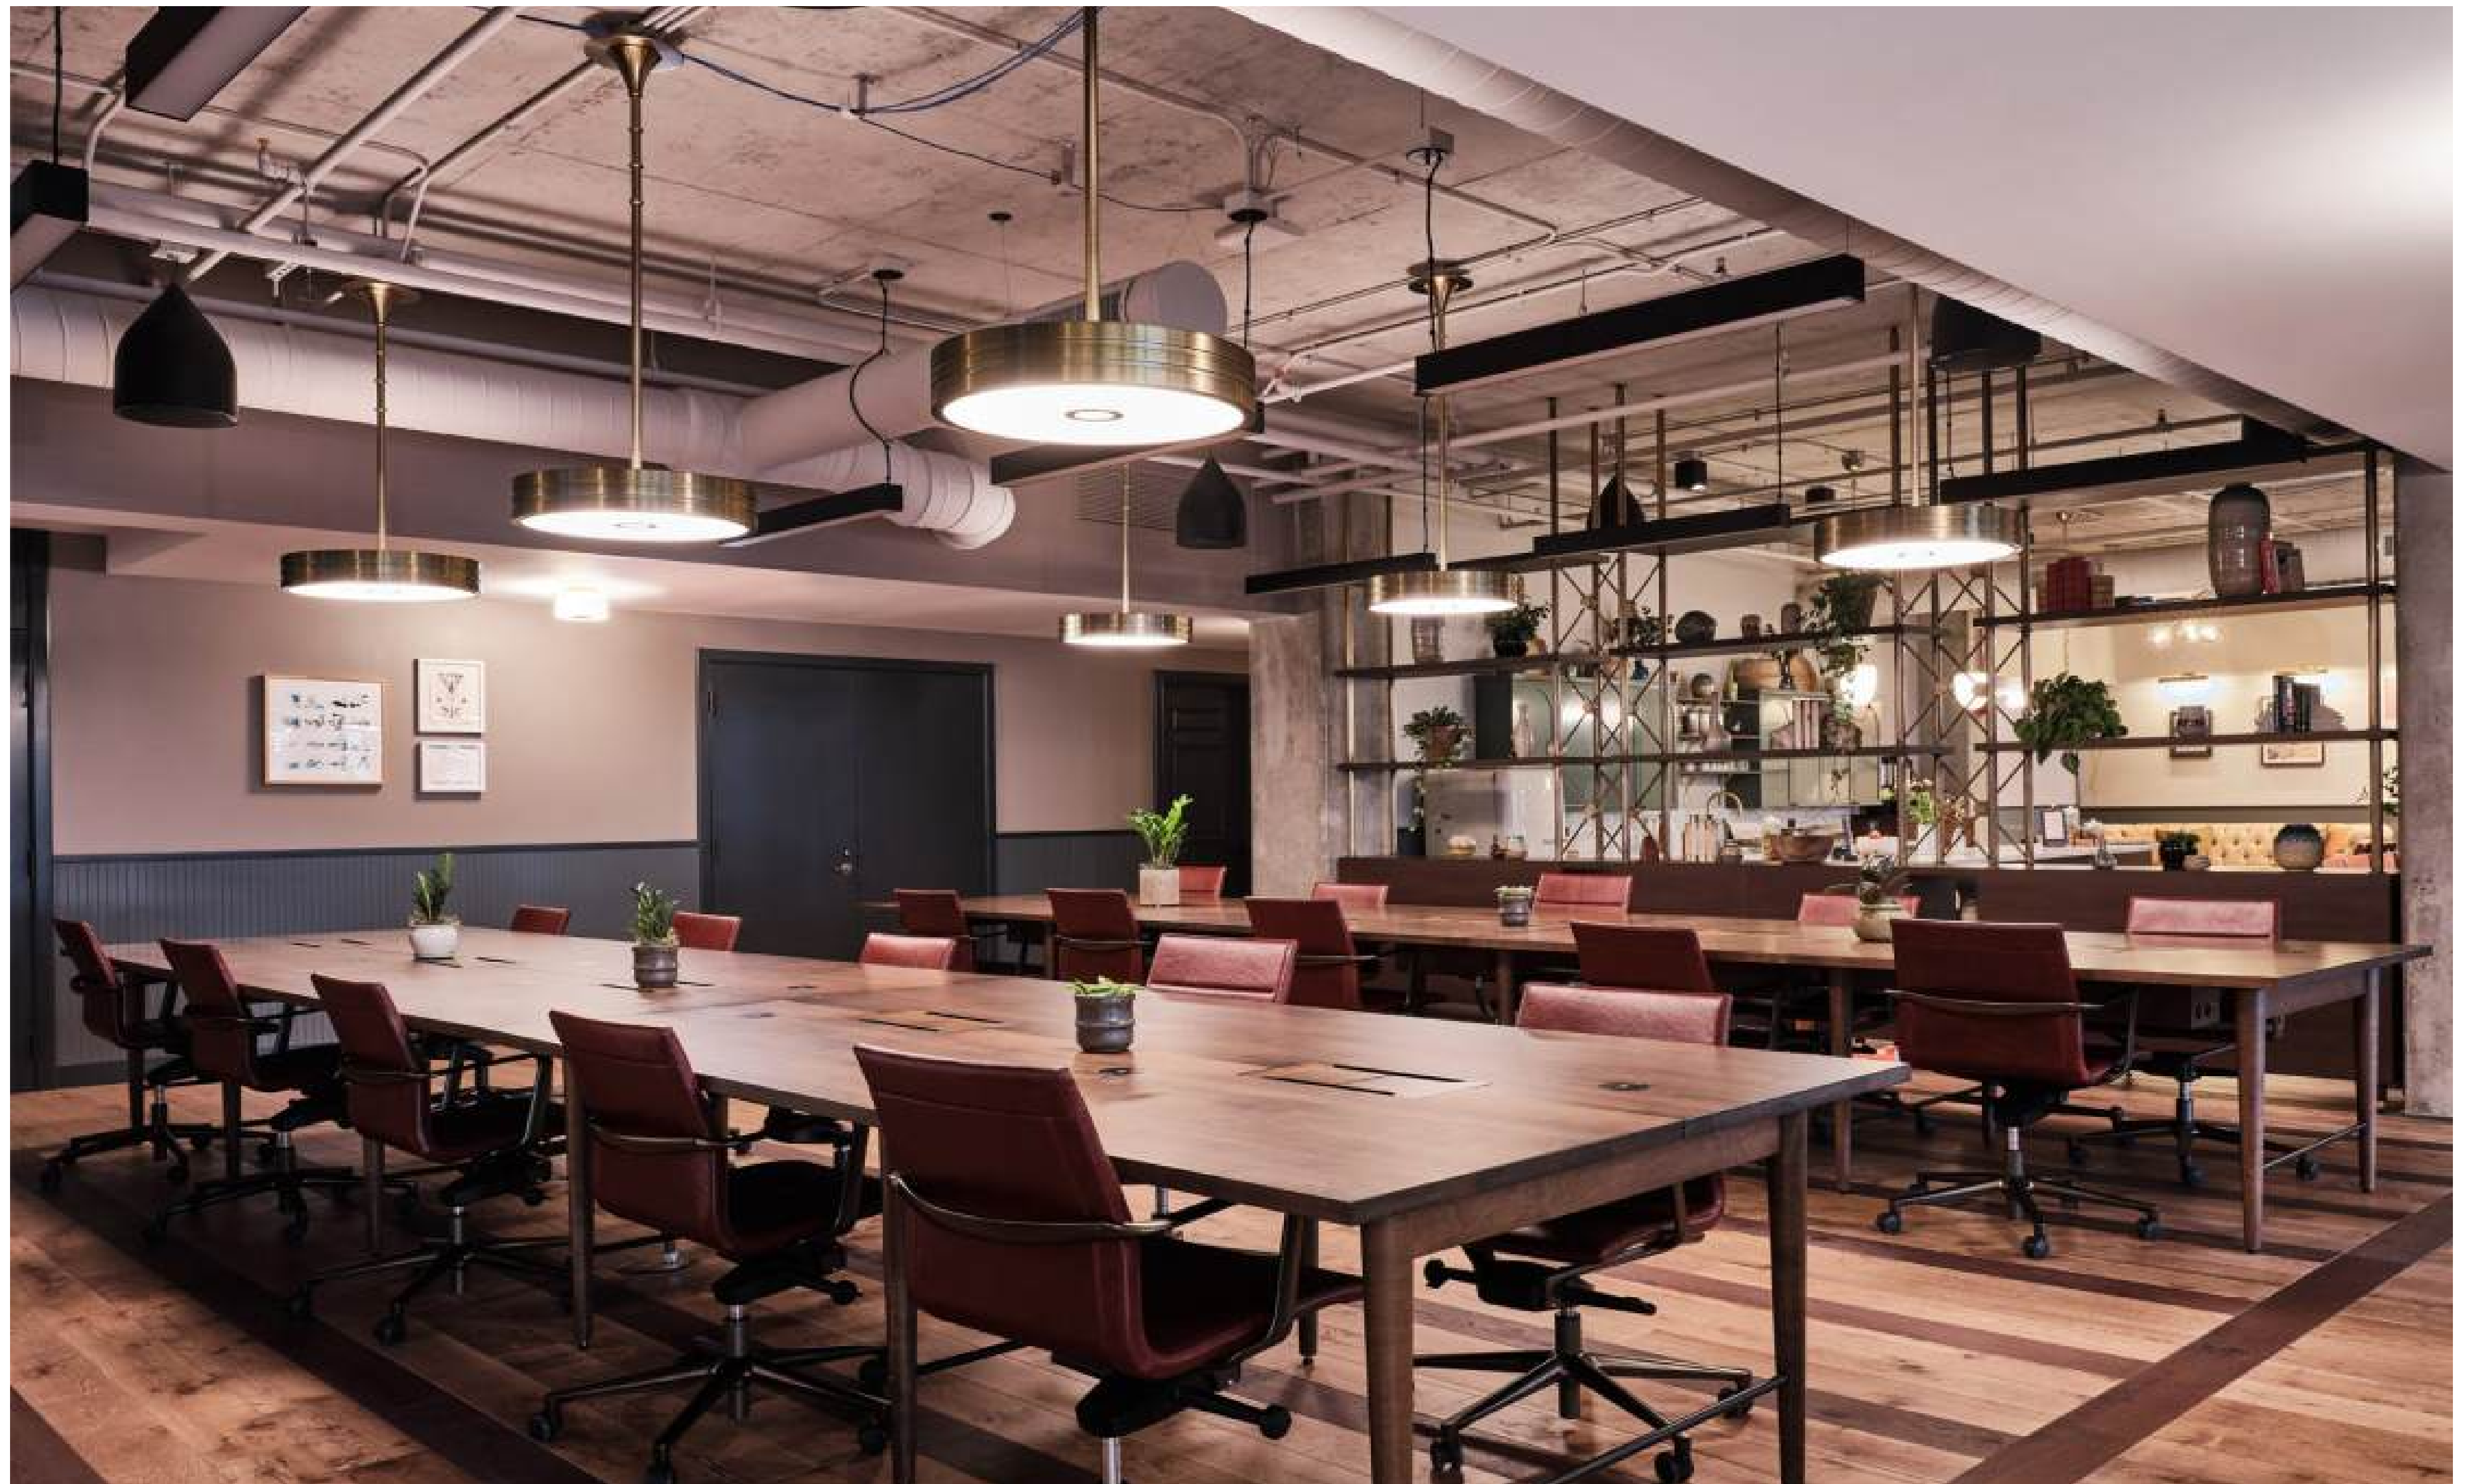

With its expressive silhouette, refined materials, ergonomic intelligence, and exceptional attention to detail, Valea Esse represents a contemporary interpretation of executive seating—where sophisticated design and enduring comfort become one.

VALEA ESSE SOFT

Carefully crafted stitching and refined finishes further enhance its distinctive personality.

VALEA ELLE

VALEA
ELLE

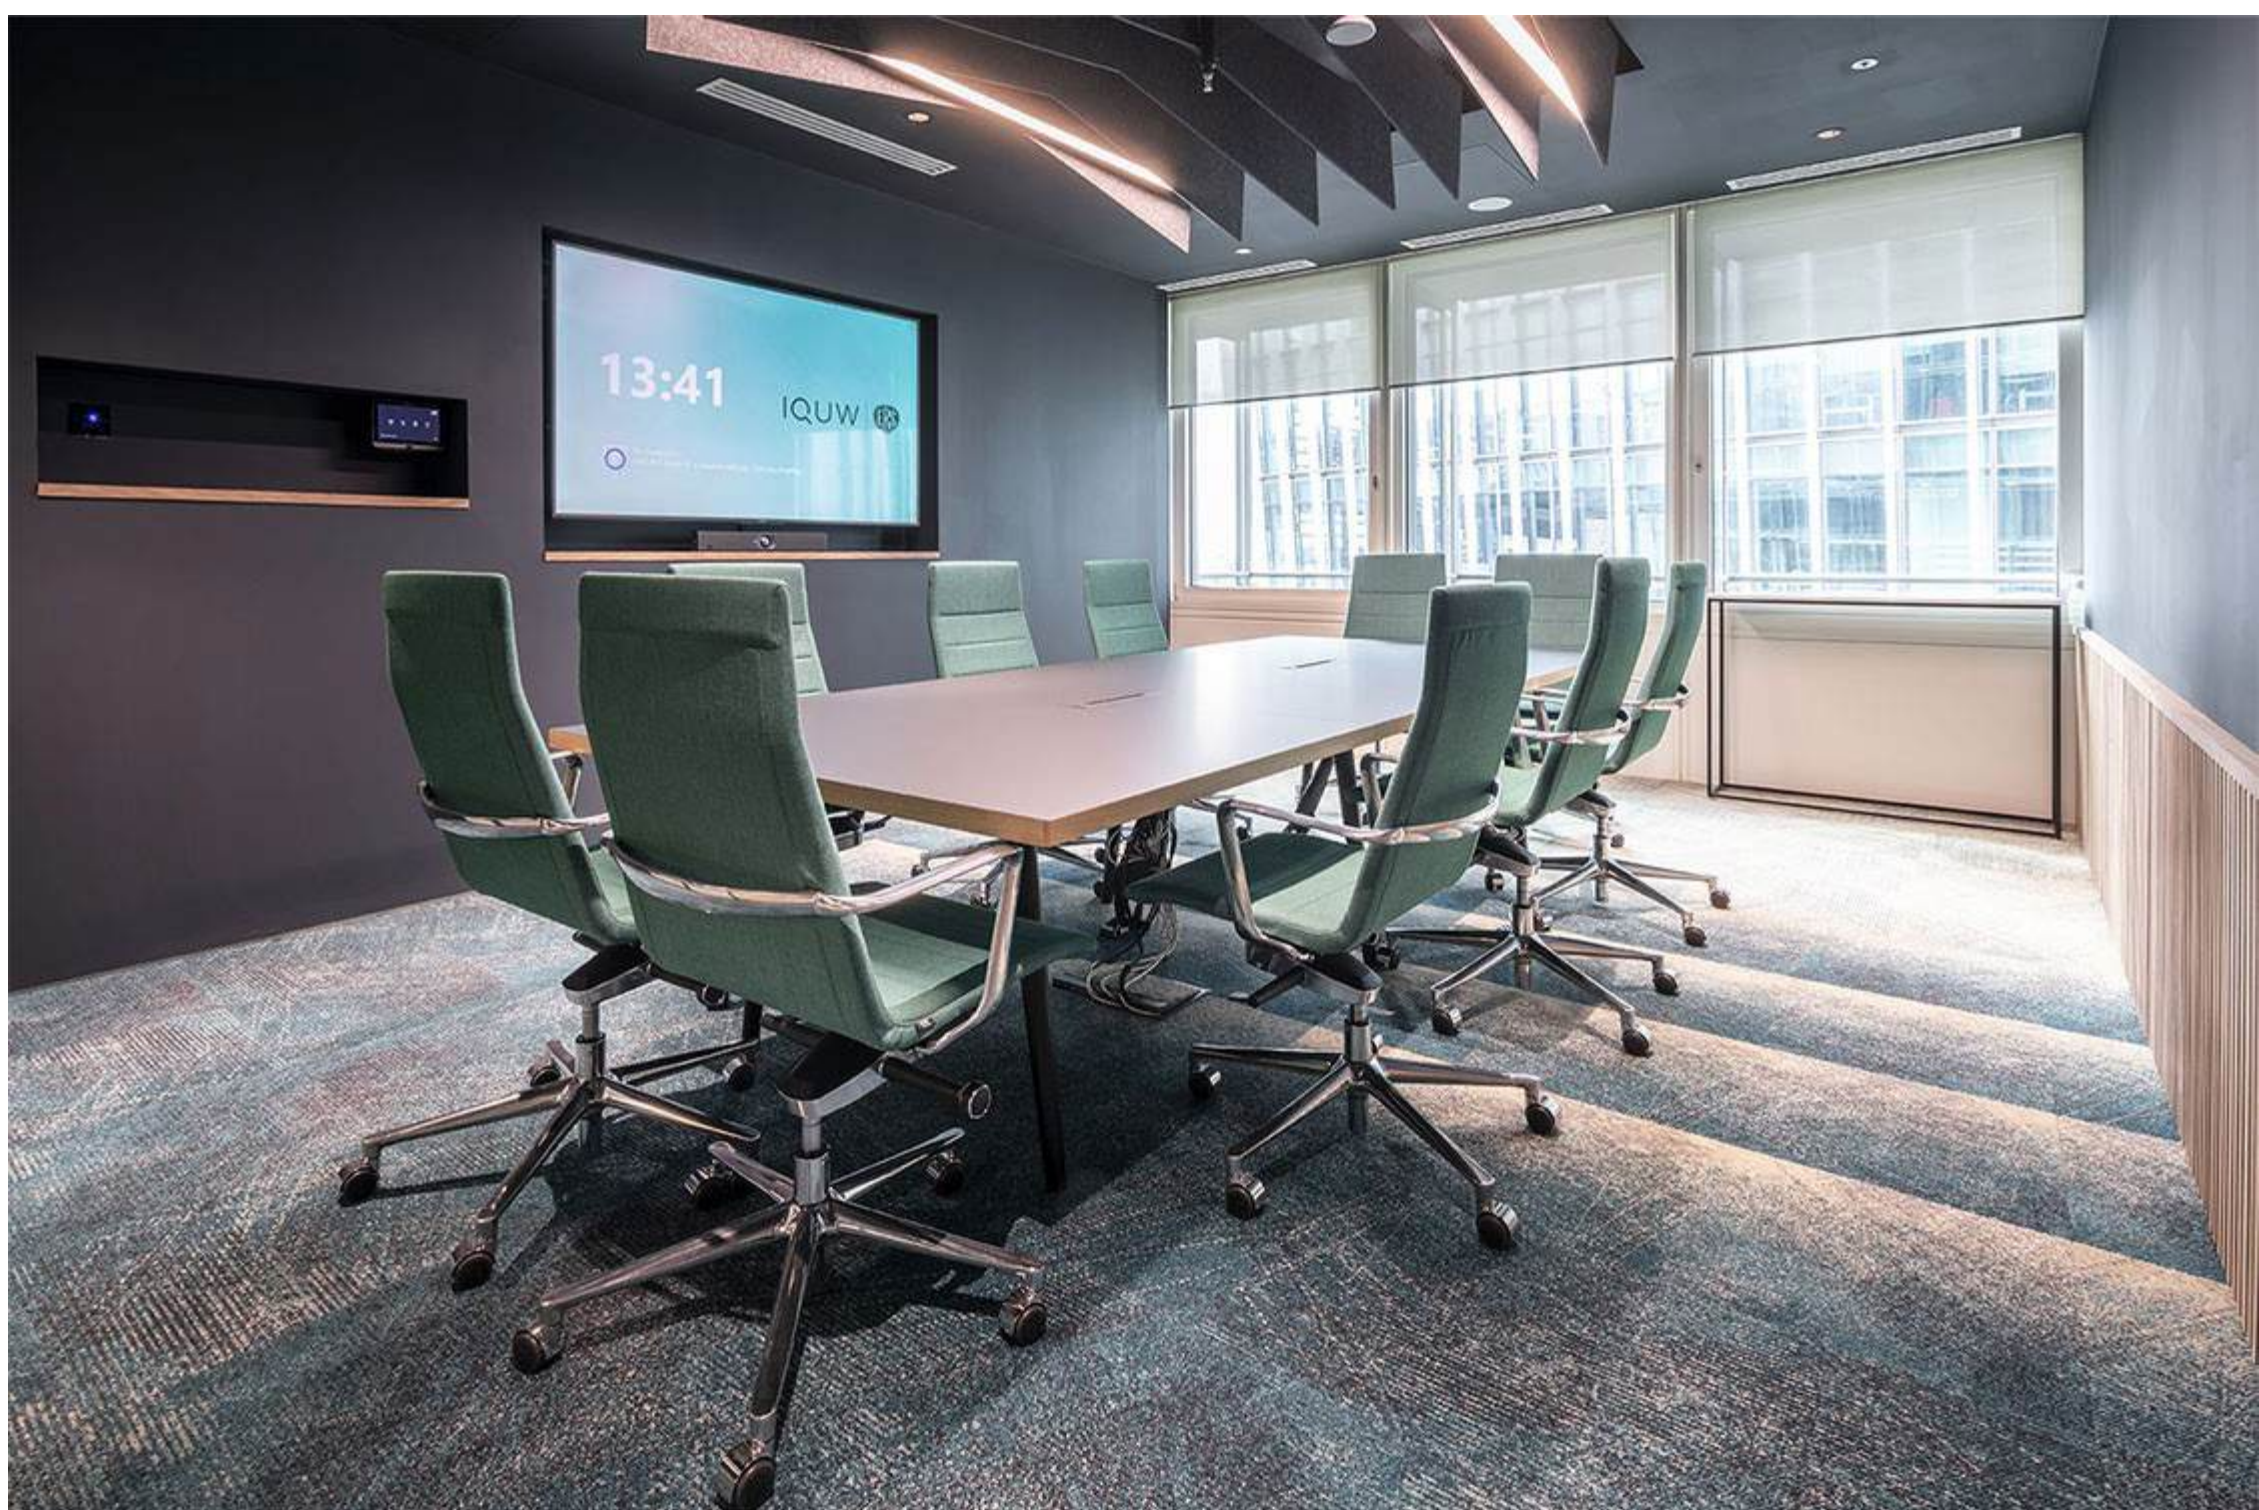

Aesthetically comfortable. Two words that perfectly capture the essence of Valea, an office armchair where timeless aesthetics meet exceptional comfort.

Valea reinterprets the traditional office chair by combining the welcoming comfort and relaxation of a domestic lounge chair with the solidity, structure, and presence of a classic executive seat. The result is a distinctive piece that brings a softer, more refined character to the contemporary workplace.

Its contemporary aesthetic is defined by the clean, linear form of the seat shell and the distinctive geometry of its aluminium frame. Extending from the central column, the frame branches outward into a sculpted support that flows seamlessly towards the armrests, creating a strong yet elegant structural signature.

The chair features a unified seat and backrest shell constructed from a steel frame and moulded polyurethane foam, providing a supportive structure while enhancing the enveloping comfort that characterises Valea.

VALEA ELLE SOFT

VALEA
ELLE
SOFT

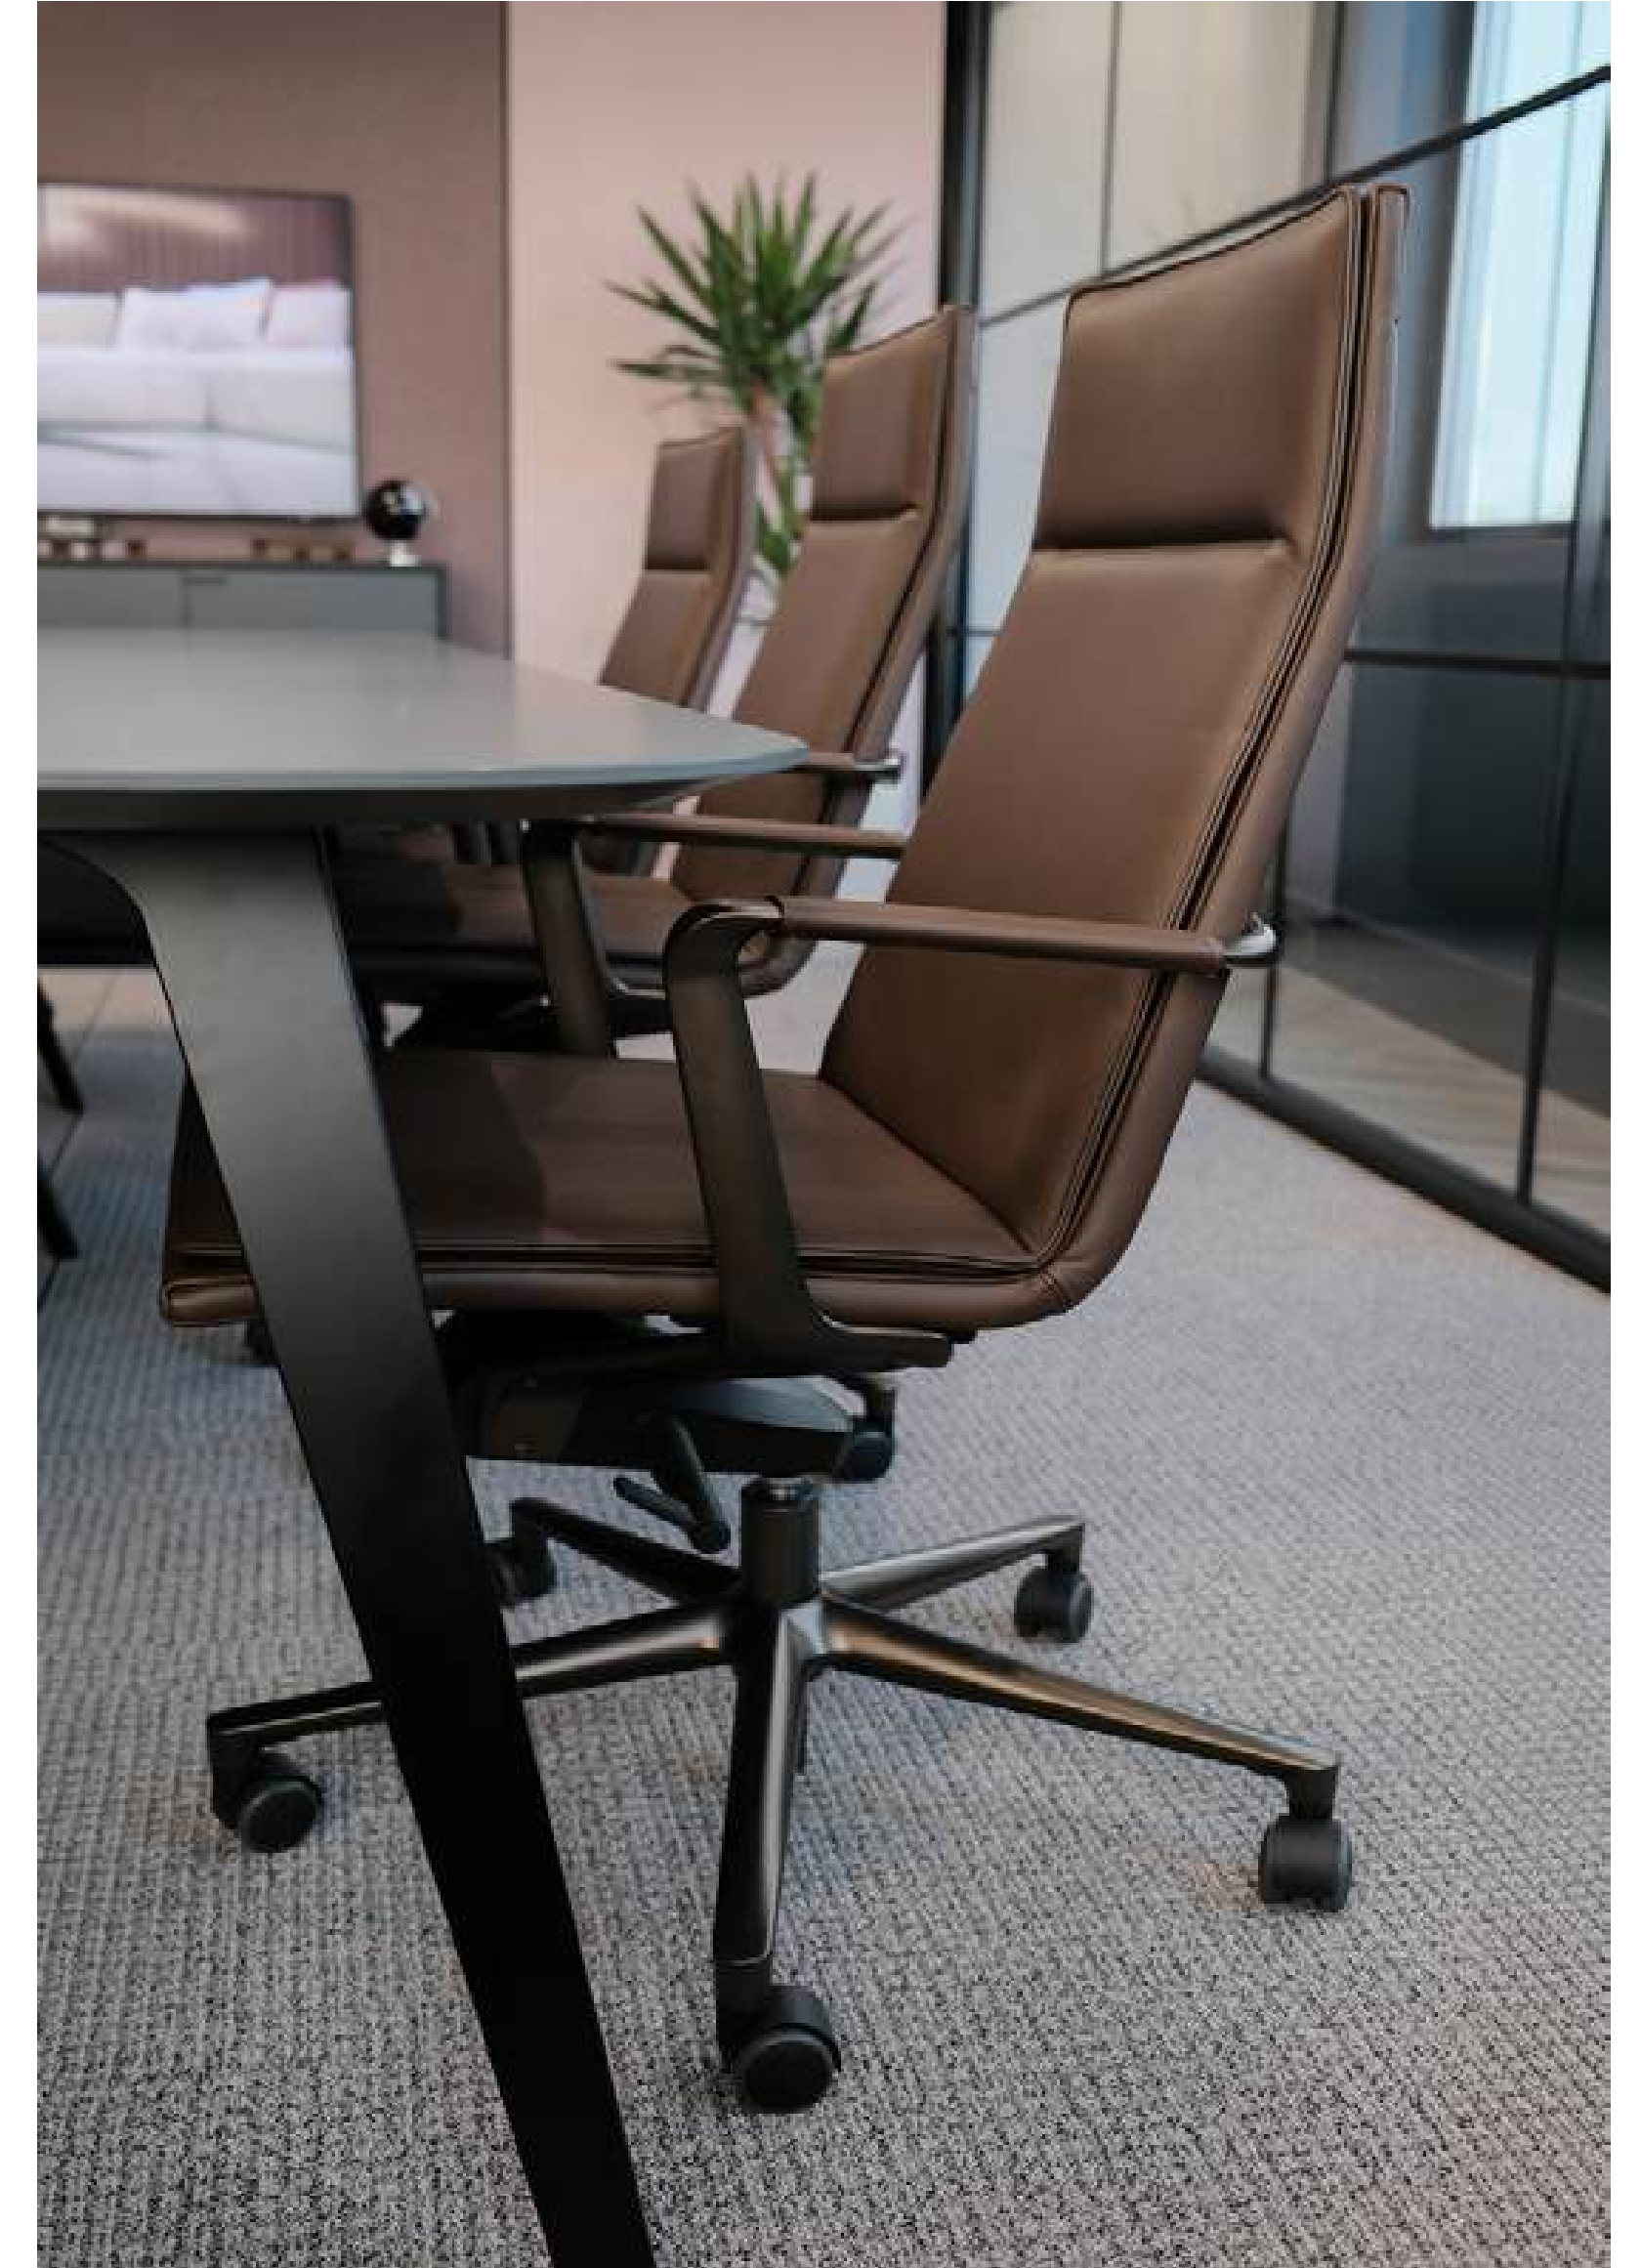

Valea Elle Soft represents the most refined expression of the Valea Collection, where sculptural aesthetics and exceptional comfort come together in perfect harmony.

Its distinctive character is enhanced by an enveloping, generously padded one-piece cushion that extends across the entire chair, creating an irresistibly soft and welcoming sense of comfort. Every element has been conceived to offer a feeling of effortless relaxation, without compromising the chair's elegant and commanding presence.

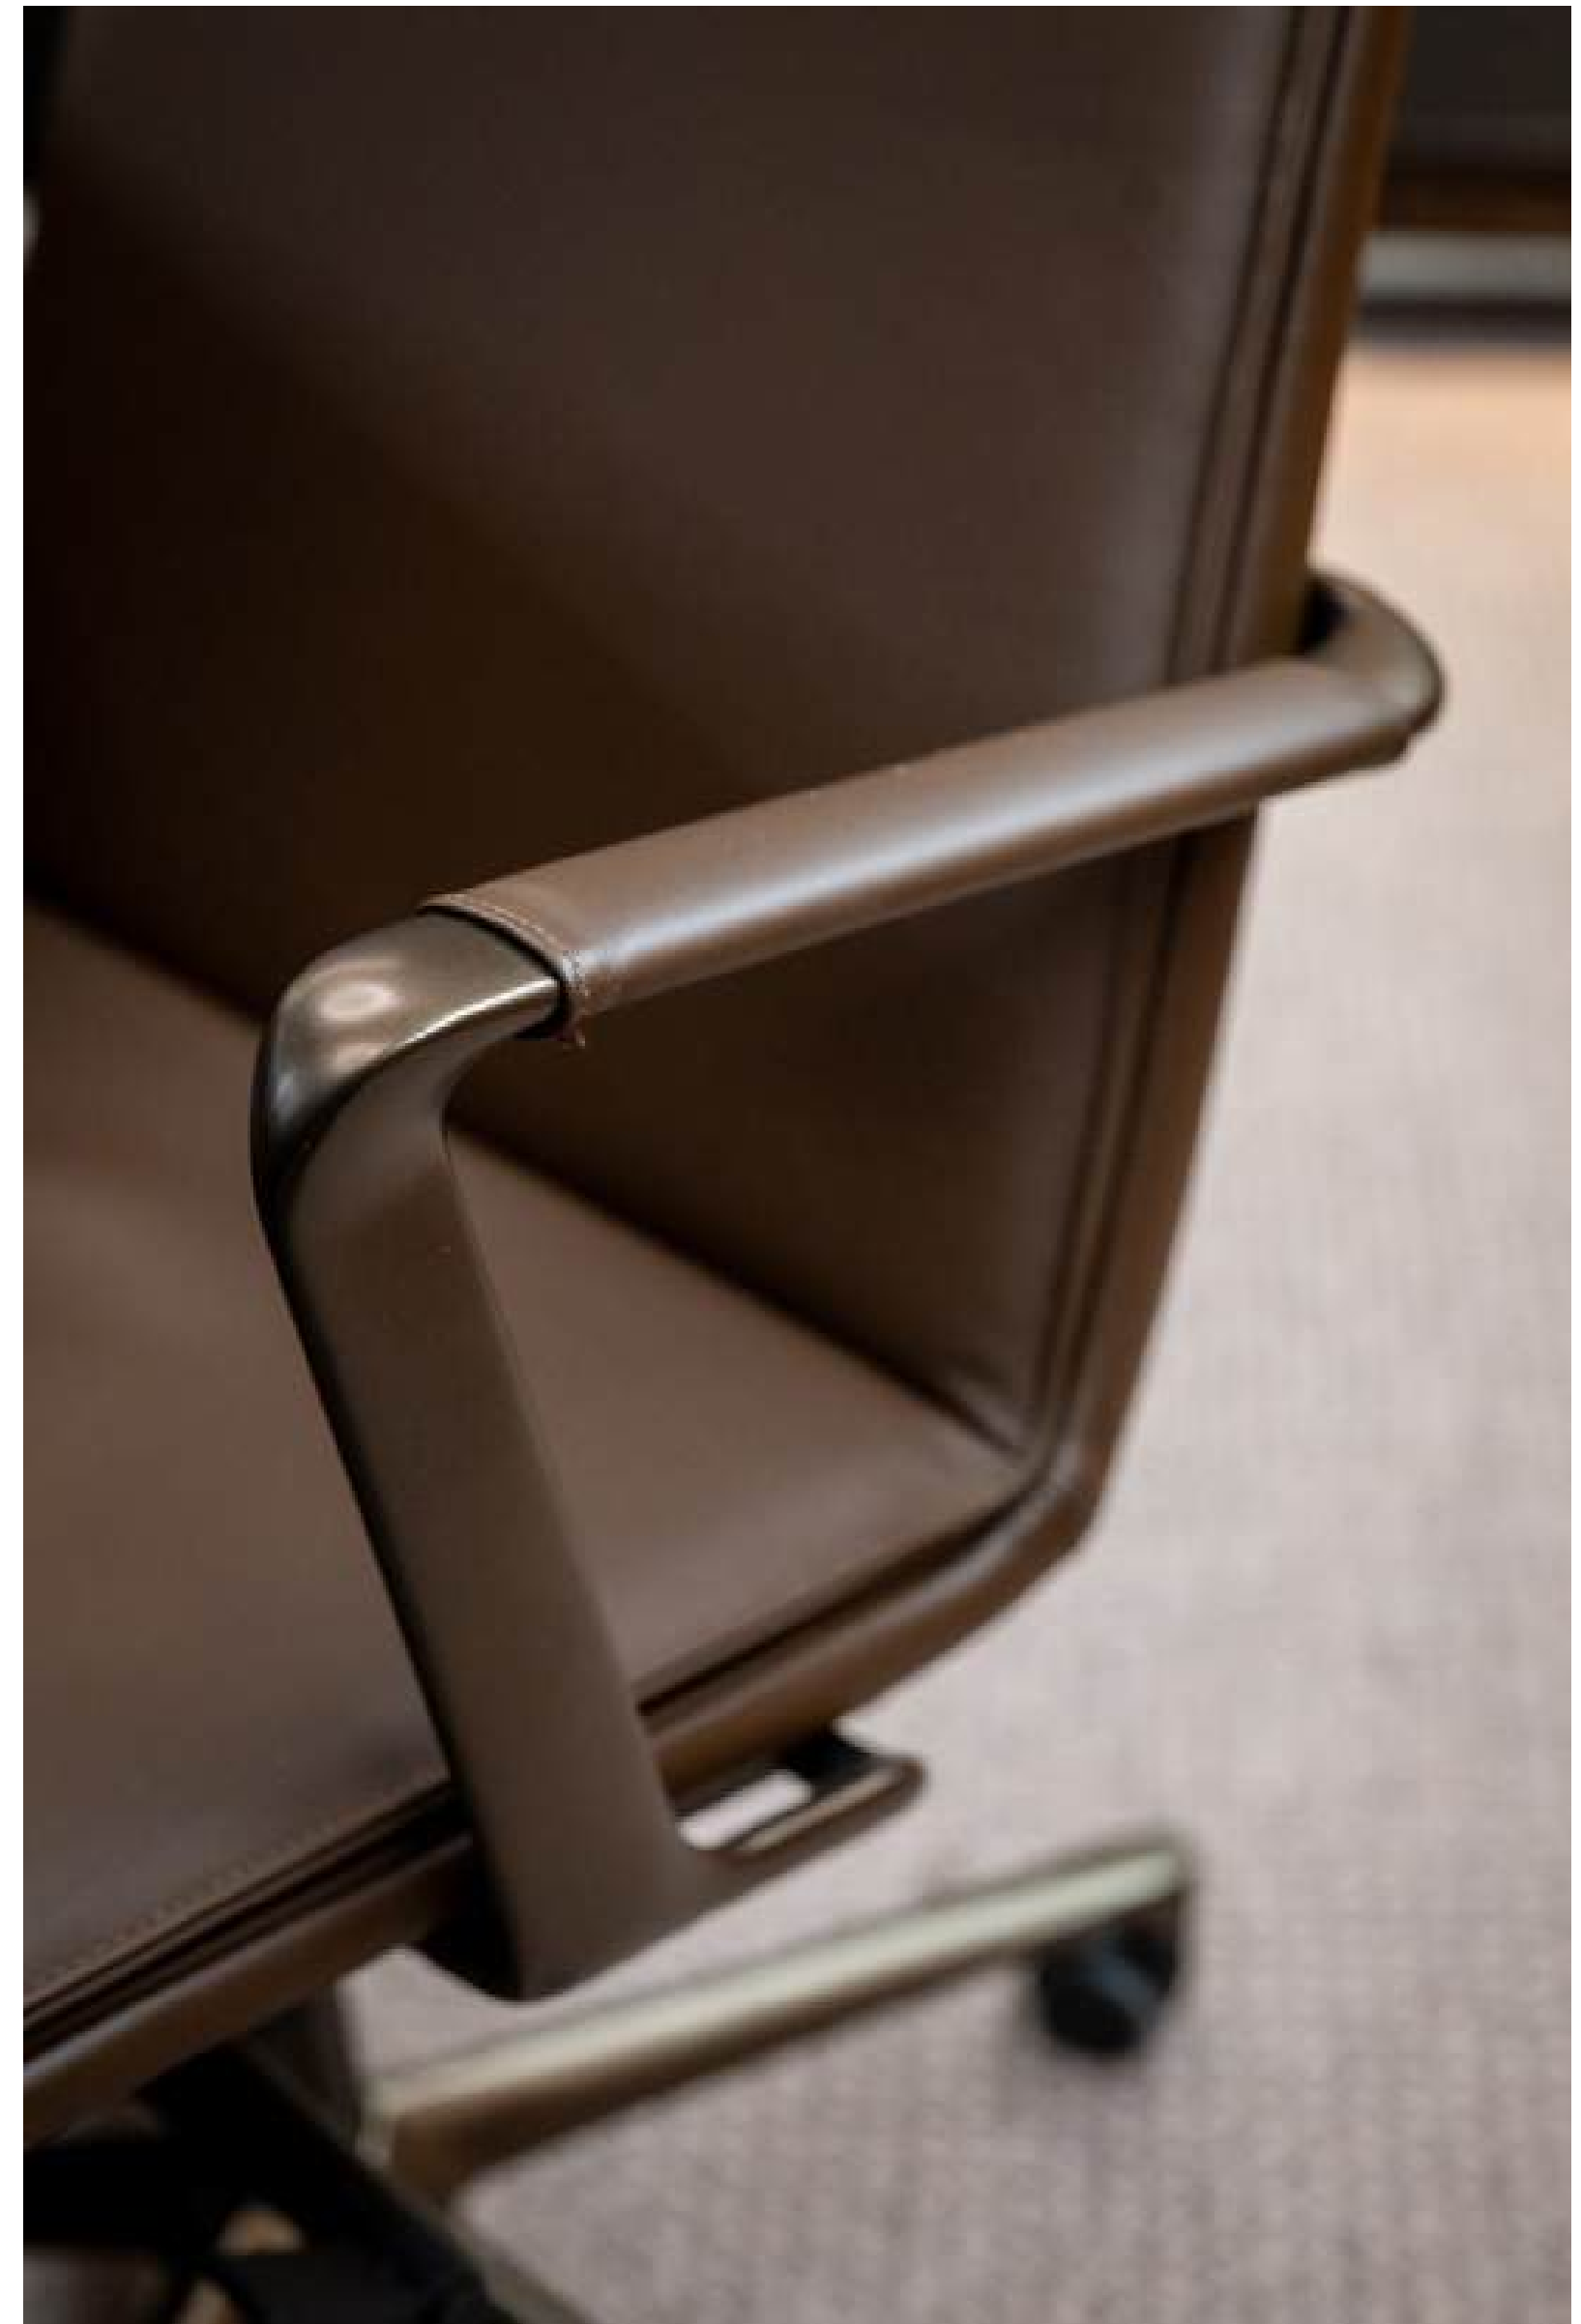

With its essential yet captivating silhouette, Valea Elle Soft embodies a sophisticated interpretation of the executive chair. Its generous proportions, impeccable upholstery and carefully considered details lend an unmistakable sense of prestige, while the purity of its lines allows it to integrate effortlessly into contemporary executive environments.

A statement of understated luxury, Valea Soft brings together solidity, elegance and comfort in a design of enduring appeal. Placed within a space, it immediately commands attention—not through excess, but through the quiet sophistication of every detail.

Valea brings together the authority of executive seating and the comfort of a lounge chair, creating a sophisticated balance of form, function, and relaxation.

STICK 4-STAR BASE

STICK 4-STAR BASE

Stick Chair has been conceived to respond with effortless versatility to the evolving demands of contemporary office and contract environments. In spaces increasingly shaped by shared use, flexible arrangements and multiple functions, a chair must be equally adaptable—combining performance, comfort and a refined aesthetic in a single, coherent design.

Available with a 4/5-star base, Stick Chair transitions seamlessly between roles: a functional and agile task chair, an elegant and comfortable meeting chair, or a practical solution for training rooms and multipurpose spaces. Its versatility allows it to adapt naturally to different environments and modes of use, without ever compromising on character.

At the heart of Stick Chair is a sophisticated balance of efficiency and lightness. Intelligent use of materials, exceptional visual transparency and a lightweight construction give the chair an understated, contemporary presence, while ensuring superior comfort and effortless handling. Designed to move fluidly between spaces and functions, Stick Chair embodies a new generation of multipurpose seating—where versatility becomes an expression of refined design.

STICK 5-STAR BASE

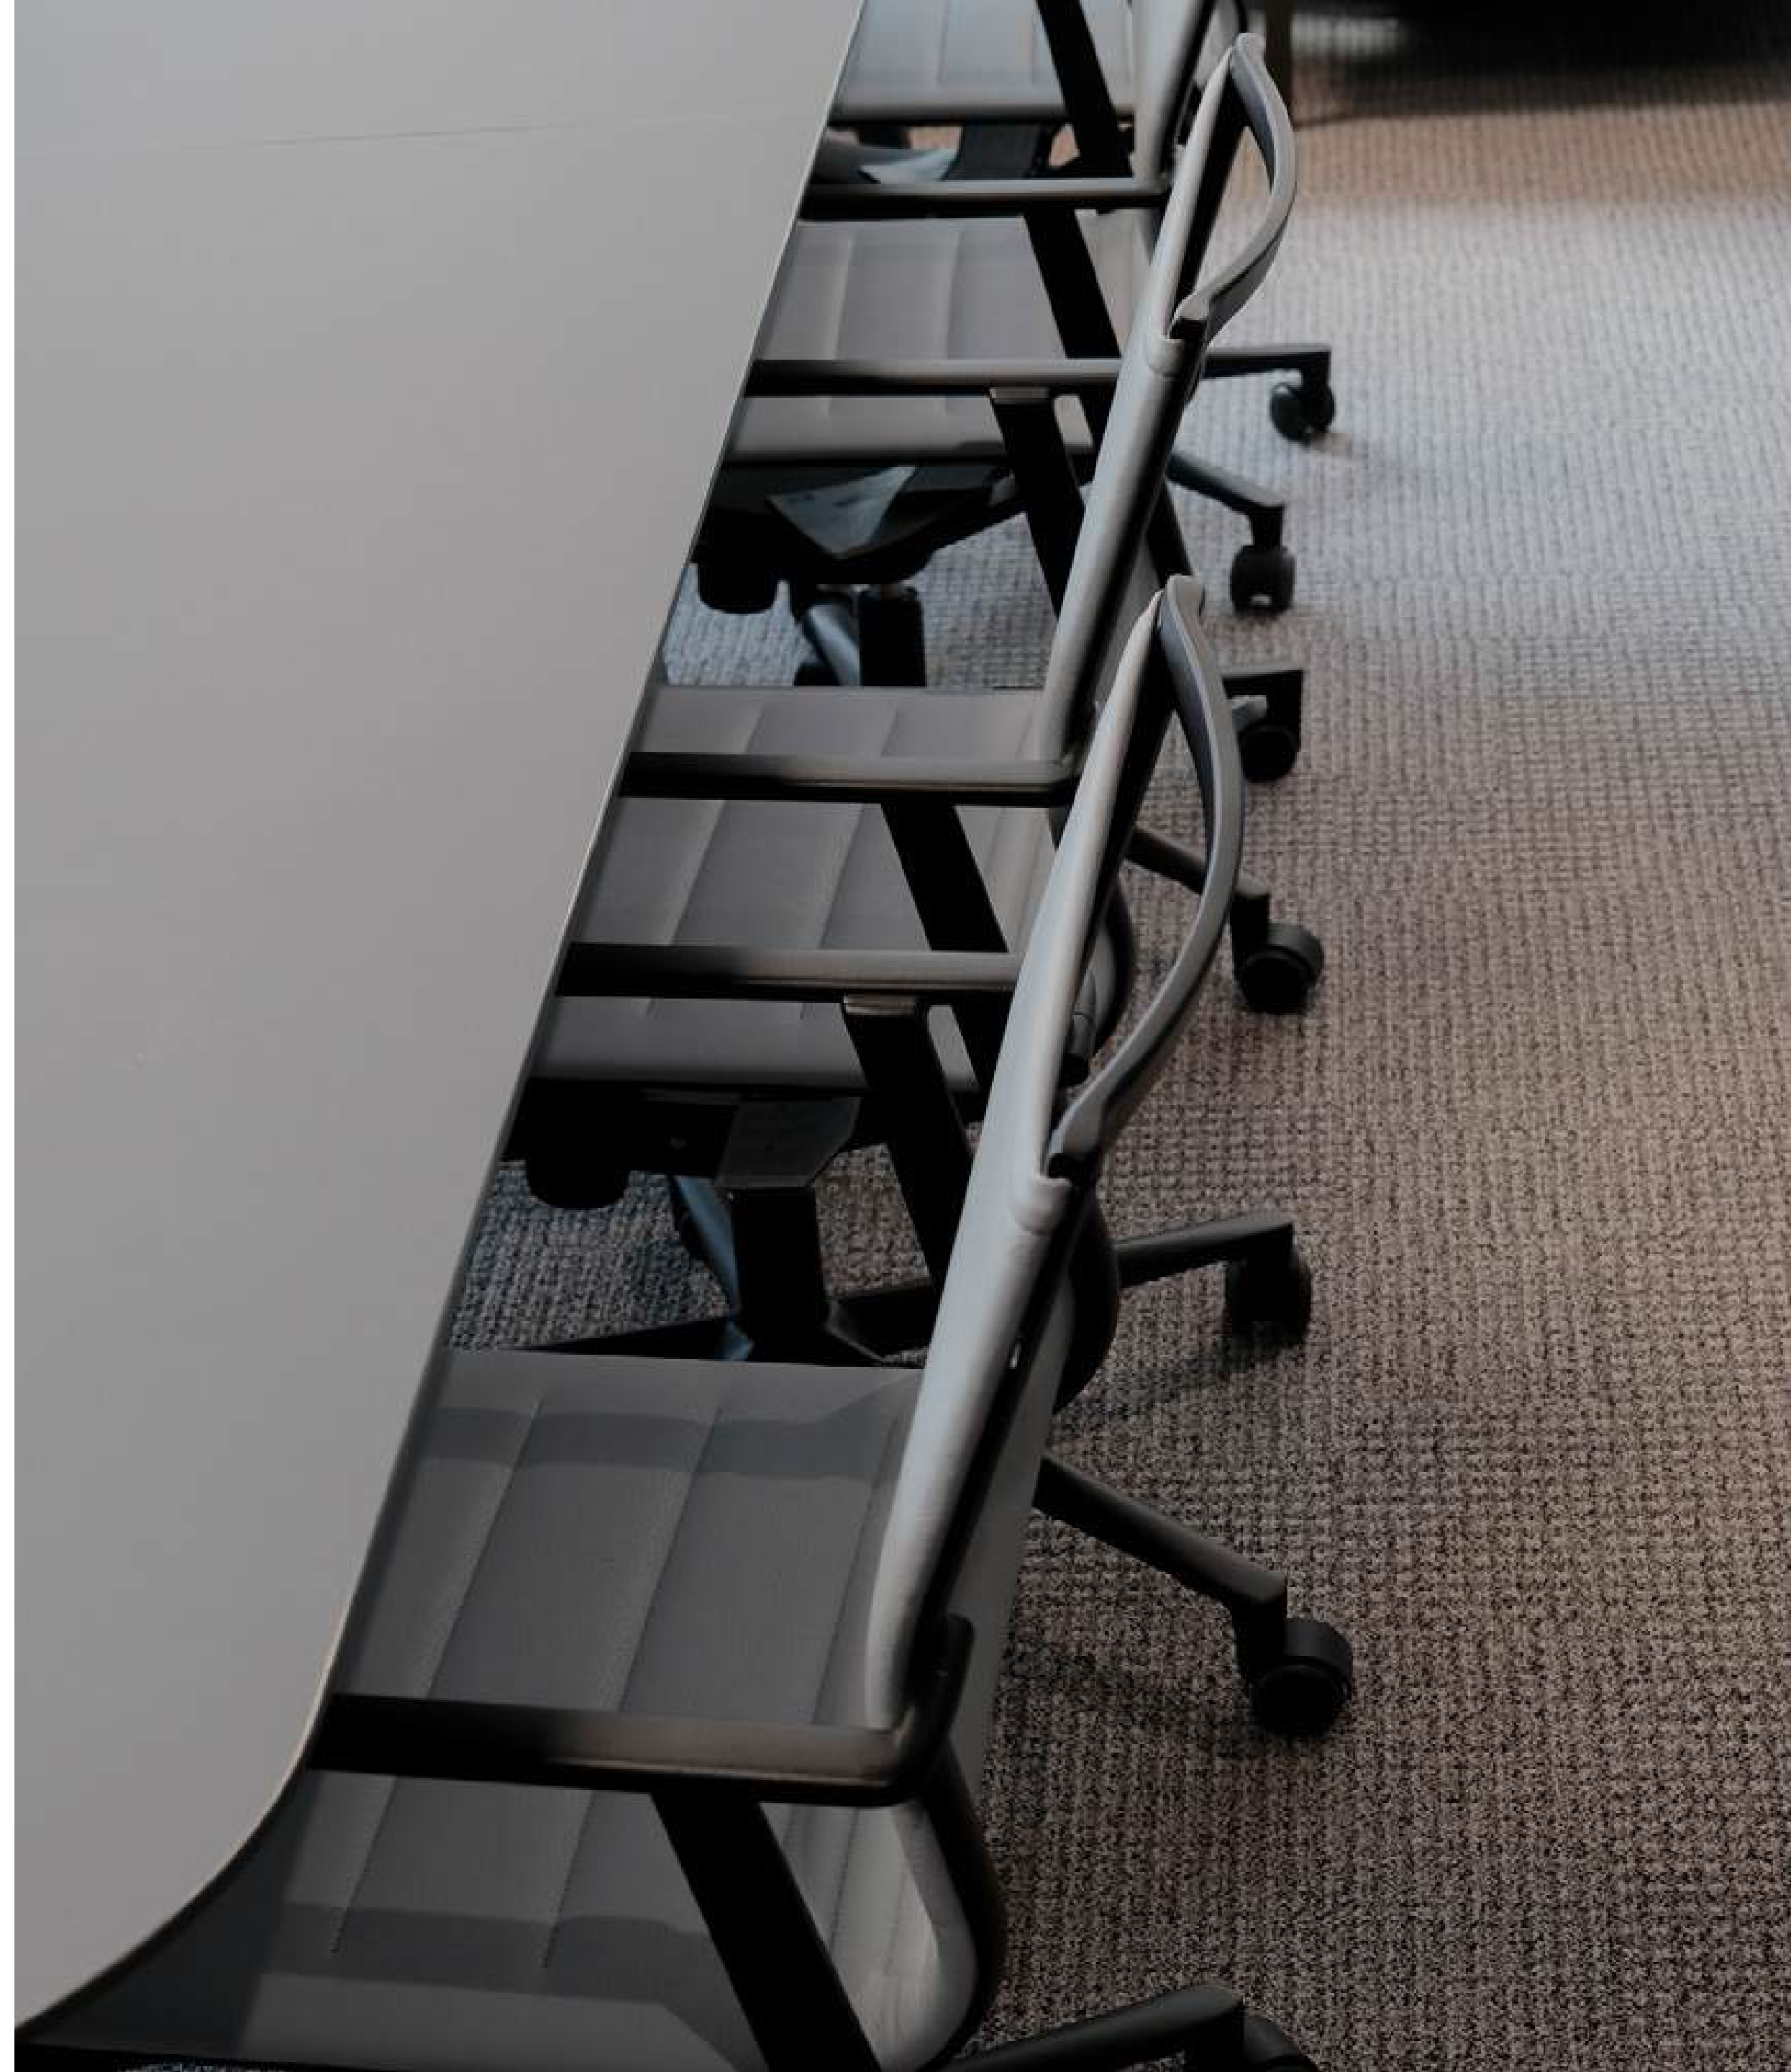

STICK 5-STAR BASE

Stick Chair with its 5-star base is a sophisticated expression of balance, where efficiency, lightness and comfort converge in a distinctly contemporary design.

An intelligent approach to materials gives the chair an exceptional sense of visual transparency, while its lightweight construction enhances both its understated elegance and ease of movement. Every detail is carefully considered to deliver superior comfort and effortless handling, making it equally at home in dynamic workspaces and refined meeting environments.

Designed to move seamlessly between spaces and functions, Stick Chair embodies a new generation of multipurpose seating—where versatility is elevated into an expression of sophisticated, enduring design.

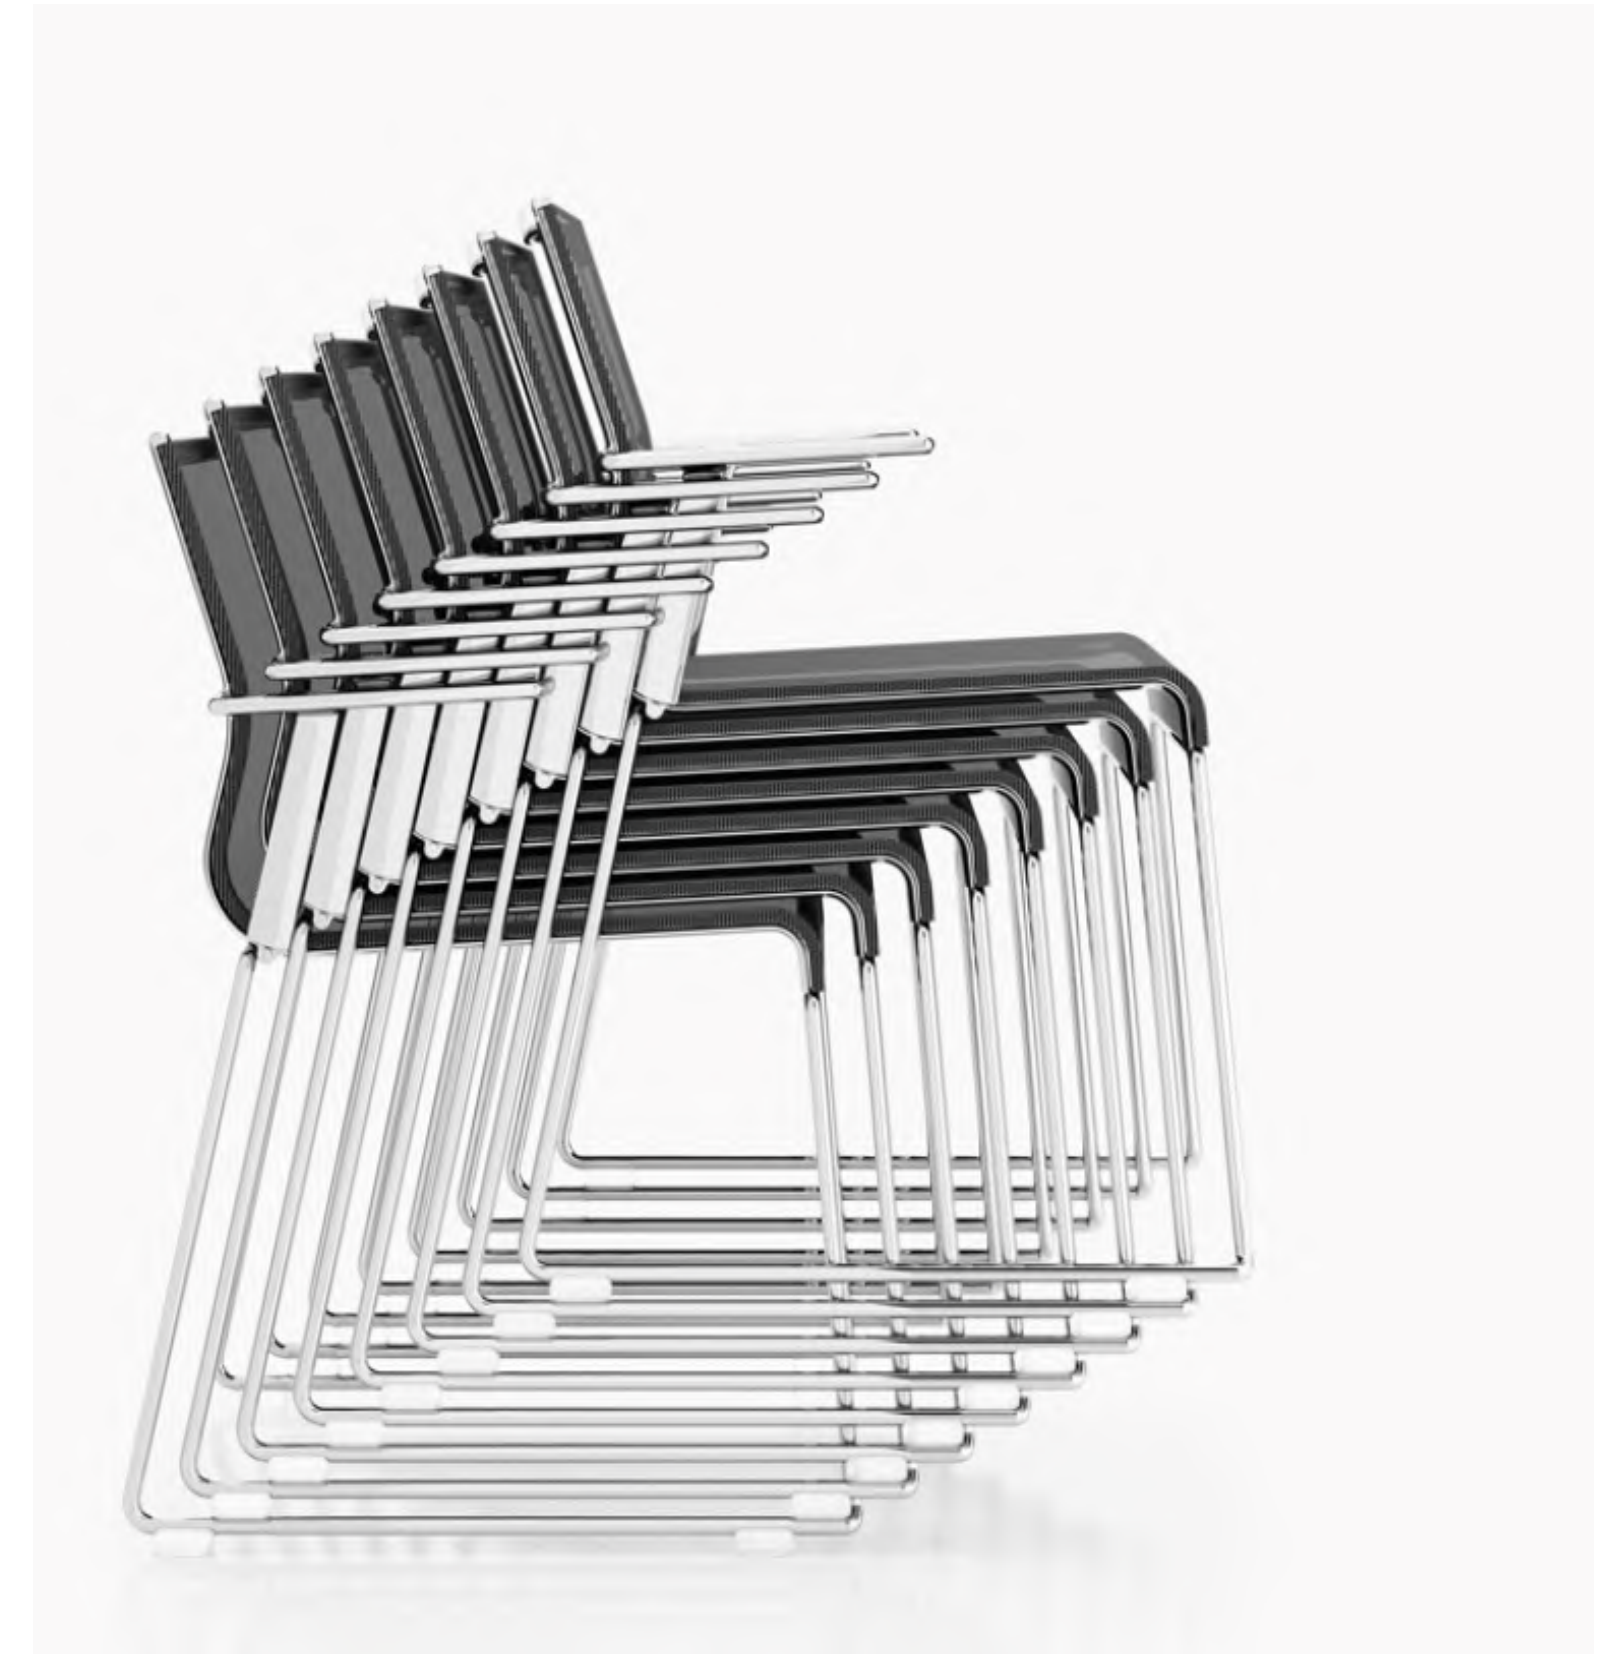

STICK SKID BASE

STICK SKID BASE

Stick Chair is a refined multipurpose armchair that combines minimalist aesthetics with exceptional versatility. Its modular design allows up to 15 chairs to be stacked, making it an intelligent solution for spaces that demand both flexibility and efficiency.

Its clean, linear silhouette allows Stick Chair to adapt effortlessly to a variety of environments, from meeting and waiting areas to multifunctional spaces. Easy to handle, stack and maintain, it is equally suited to cafeterias, restaurants and wellness environments, where practicality and durability are essential. With its effortless balance of lightness, functionality and refined simplicity, Stick Chair brings a contemporary elegance to multipurpose seating—proving that versatility can be both intelligent and beautifully understated.

STICK CANTILEVER

STICK CANTILEVER

SECRESTAI
LE PLUS ANCIEN DES APÉRITIFS À LA GENTIANE

NAPOLÉON
AIGLE ROUGE
COGNAC
LÉOPOLD BRUGEROLLE

Stick Cantilever is defined by a classic, essential silhouette with an elegant iconic character and a distinctive focus on comfort. Designed for visitor seating as well as meeting and conference environments, it brings together refined proportions, innovative materials and carefully considered details.

Engineered for effortless use in dynamic spaces, its lightweight and compact cantilever structure allows the chair to glide smoothly across steel surfaces, while its clean, unobtrusive profile adapts naturally to a wide range of interiors—from traditional executive offices to contemporary, flexible workspaces.

Practicality is seamlessly integrated into the design. Stick Cantilever can be stacked up to five chairs, with the weight of the stack transferred through specially designed armrest covers to protect the structure and surfaces. The result is a chair that combines timeless elegance with intelligent functionality, offering comfort, flexibility and effortless handling in equal measure.

ALBA

ALBA

Alba Chair embodies a refined interpretation of elegance, combining a fully upholstered form with exceptional versatility. Designed to move effortlessly between office, meeting, conference and contract environments, Alba brings a sophisticated sense of comfort and character to every setting.

Its distinctive identity lies in the precise balance of its proportions and the meticulous craftsmanship of its construction. A soft, flowing aesthetic is complemented by a dynamic profile, while the elegantly sculpted shell creates a distinctive silhouette with a strong yet understated personality. Alba transforms everyday seating into an expression of sophisticated comfort—where elegant design, versatility and enduring functionality come together.
