TASK™

Italian Design,
Crafted for Exceptional Interiors

Pioneering Italian design since the 1950s,
ICF creates high-end executive seating engineered to elevate visionary interior schemes.

Rooted in authentic Made in Italy craftsmanship, ICF's classic collection combines expertly engineered aluminium frames with hand-finished upholstery, designed for boardrooms and executive suites where every detail matters.

Created for interiors that refuse to compromise on detail, ICF seating brings together technical innovation and refined aesthetics, delivering exceptional performance without sacrificing beauty.

Designed in Milan, Made in Italy

Substance, versatility and an unbridled passion for aesthetics sit at the heart of every ICF piece.

Inspired by Milan's vibrant creative scene and brought to life through generations of Italian craftsmanship, the Classic Collection offers seating built to last and adaptable across boardrooms, executive offices and meeting spaces.

Designs that have stayed relevant for decades still look right today, and will for years to come. These are more than objects: they are proof that great design stands the test of time.
