

NEOPOST

TASK Project Reference
Completed March 2024

NEOPOST

TASK had the pleasure of working in partnership with IPJ London on this great project, which features a timeless and minimalistic design and provided a selection of desking and meeting table solutions as well as seating from ICF Italy.

The workspace combines white metal finishes with light wood meeting table tops and blue upholstery for ICF Stick Ask chairs in the meeting rooms, conference room, and training room, providing a cohesive and elegant look throughout. The open workspace follows the same design scheme, enhanced with burn orange panels and decorations that add a vibrant touch. Workstations are equipped with sleek metal pedestals, maintaining a simple and minimalistic aesthetic that fosters a productive and inviting environment.

This design approach ensures both functionality and style, creating an optimal workspace for Neopost.
