

NEPTUNE ENERGY

TASK Project Reference
Completed July 2018

NEPTUNE ENERGY

We are excited to present project for Neptune Energy design by Denton Associate, a modern and functional design that seamlessly blends aesthetics and practicality.

The boardroom and executive offices are adorned with beautiful Una Management chairs, boasting a bronze metal finish and luxurious turquoise fabric upholstery, creating an elegant and vibrant atmosphere. The open office area is equipped with Hoxton MPS storage units in an oak finish, perfectly complemented by navy sound panels, grey screens, and grey carpeting.

This combination not only enhances the aesthetic appeal but also ensures a functional and harmonious working environment
