

STEVENS & BOLTON

TASK Project Reference
Completed May 2023

STEVENS & BOLTON

We were fortunate to once again collaborate with our friends at Denton, renowned experts in workplace design, who delivered spectacular new offices for Stevens & Bolton.

The exceptional choice of finishes by the designers has transformed the space into a cohesive and modern workplace. Various pieces of furniture from TASK's portfolio, such as the executive WORK boardroom table, LiFT3 sit-stand workstations, and ICF QADRO space dividers, added to the functionality of the space. The reception area was adorned with Marelli's L-SOFAS, which looked sophisticated and welcoming.

The final design has created an engaging, functional, and collaborative workspace, which reflects company's personality and ethos.
